Young America en masse, kaleidoscoped into a surging stream of humanity underneath a stately arboreal roof—that's the Broadwalk. Upon the sounding of a bell this placid concrete ribbon is captured by a milling horde—perhaps the largest aggregation of collegiate youth to be found anywhere—disgorged from the buildings which survey it. . . .

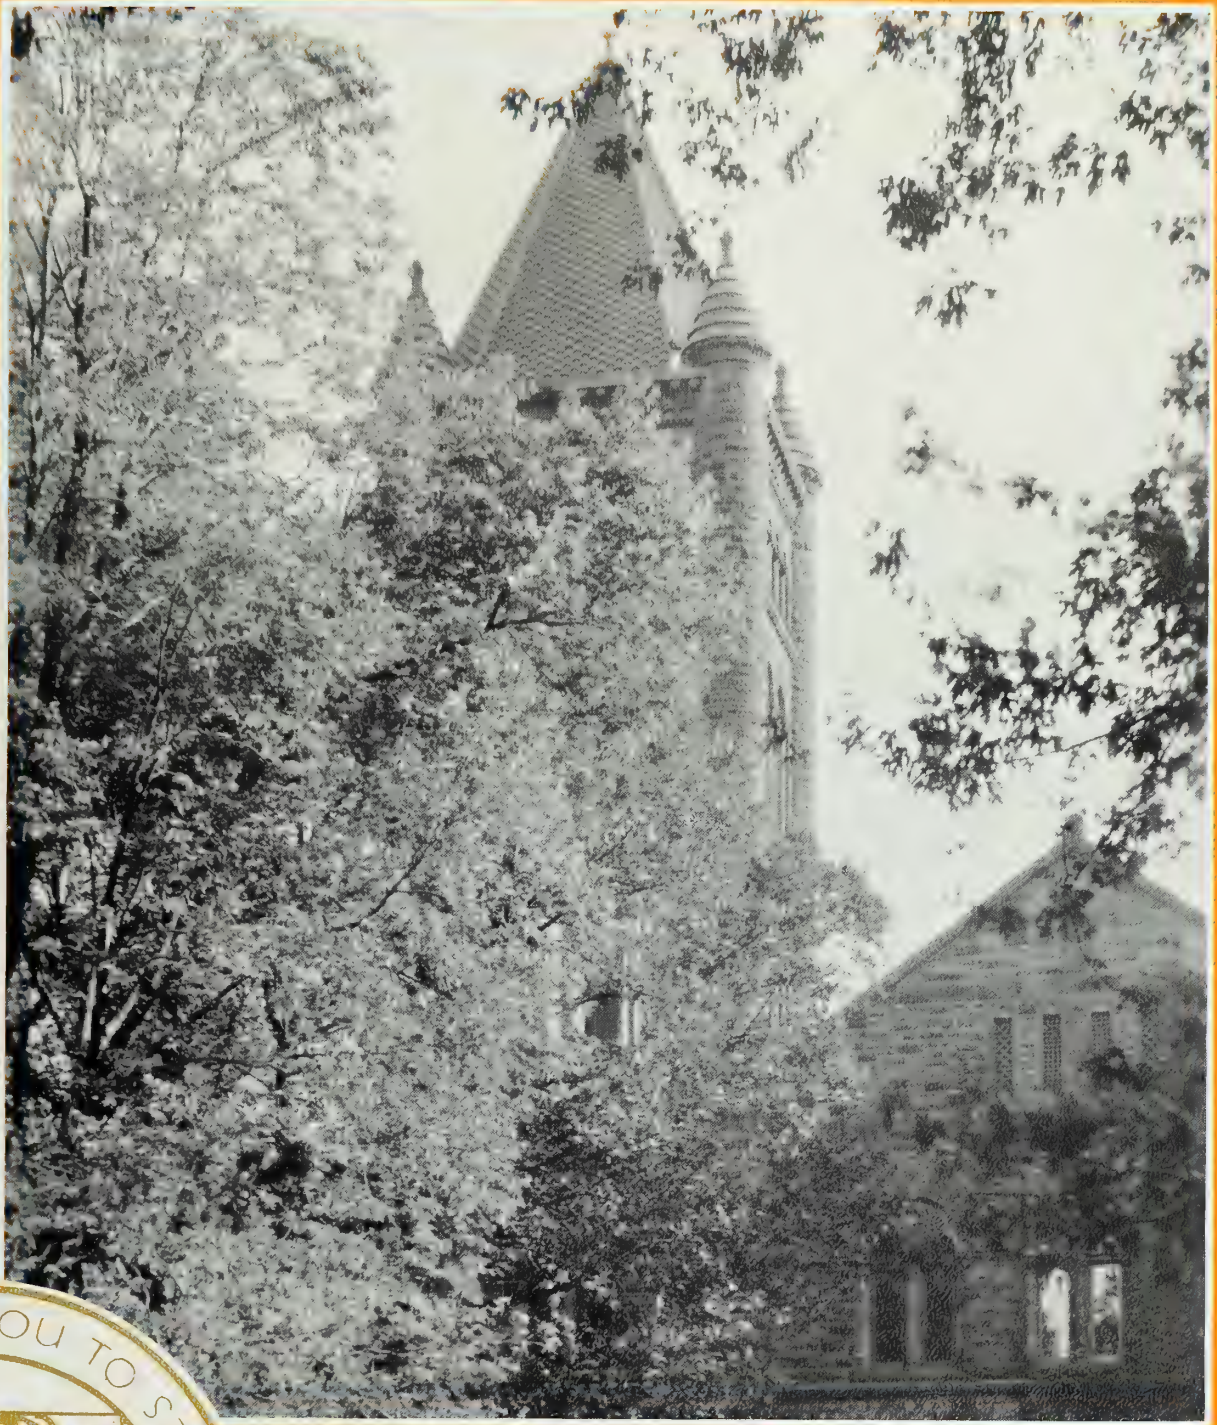

*E*mblematic of the sturdy goodfellowship, whole-souled loyalty, and forward-looking purpose of Illini of all ages, alumnus Lorado Taft's "Alma Mater" group stands in colossal grandeur on a grassy plot behind the Auditorium. Facing the south and recent campus developments, these heroic figures are prophetic of the University's magnificent future. . . .

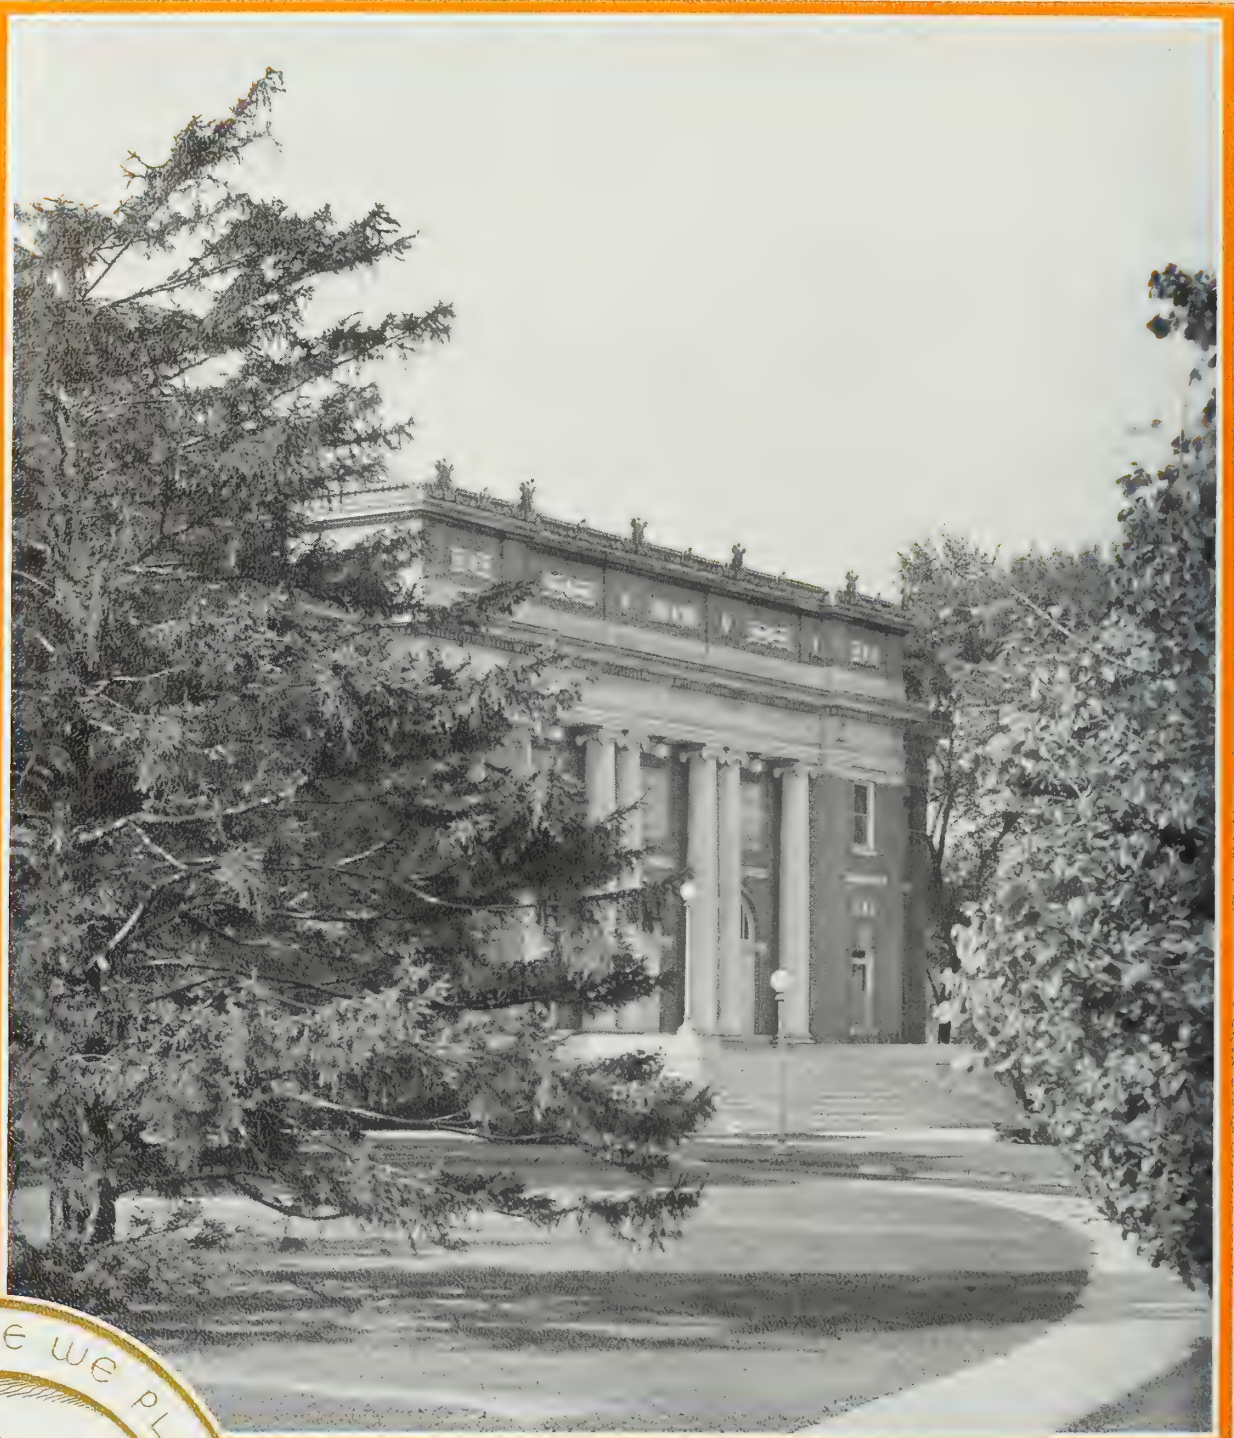

*M*elting pot for the University, the Library provides common meeting ground for scientists, historians, artists, farmers, business men, teachers, musicians, engineers, and writers. Here, where "the whole world unlocks the treasures of the past to the builders of the future," students from all schools commingle in the process of acquiring knowledge through books.

Stark beauty is possessed by the Law building. Most vivid among the memories of the campus carried away by Illini is a mental picture of the handsome, dignified, friendly stonework of this building, wherein future John Marshalls build foundations for successful careers in courts of justice, legislative halls, and executive chairs. . . . .

*Few spots in America, we are told, equal the beauty of the long, green vista terminated by the impressive Auditorium. Scene of twilight band concerts in romantic spring, musical feasts, dramatic presentations, lectures, and convocations, the Auditorium is a place to be viewed with admiration, entered with anticipation, and recalled with pleasure. . . .*

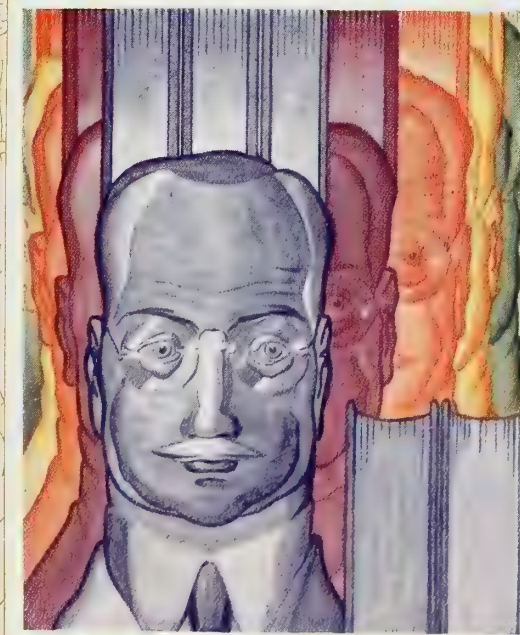

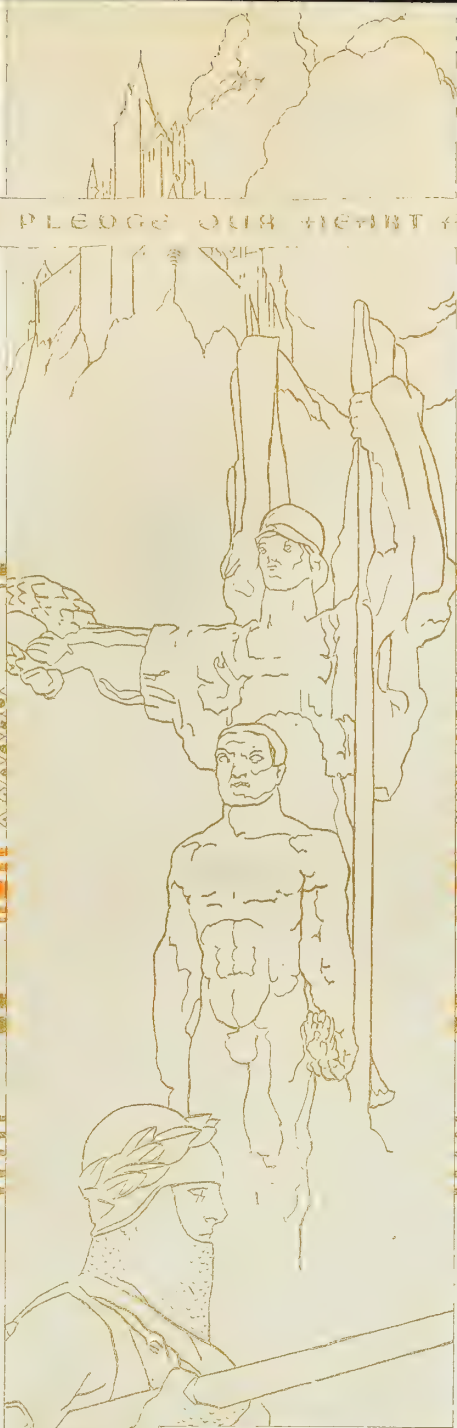

All the manifold activities of Illini co-eds are housed by the Woman's building. Its attractive south porch, seen in morning sunshine, is a campus show spot. From the Broadwalk the view of the porch is interrupted by a perpetually unoccupied lovers' bench, which presents a striking picture on snow-covered winter nights. . . . .

ADMINISTRATION

FROM Chapel Hill, North Carolina, comes one of the foremost college presidents in the country to succeed our retiring President David Kinley. Harry Woodburn Chase, who has turned America's oldest state university into the most progressive within eleven years, is the new president of the University of Illinois. After jumping from a psychology professorship into the presidency of the University of North Carolina, Dr. Chase won so many battles for intellectual freedom in the Tarheel state that he attained nation-wide fame as a fearless fighter for the Truth. Single-handed he defeated an anti-evolution bill in the state legislature. In turn he whipped practically every religious, political, fraternal, and military organization in the state on the matter of allowing teachers to say what they think. And in the midst of it all he carried through a remarkable building program, collected one of the most distinguished and able faculties in the nation, and welded the group into an unusually well co-ordinated whole. The University of Illinois welcomes its new chief—a lion-hearted fighter, a master-mind organizer, and a forward-looking educator.

DAVID KINLEY  
*President*

HARRY WOODBURN CHASE  
*President-Elect*

AS I recall the attitude and actions of our students through the years, it seems to me they have shown an improving sense of the proper relative values of things in college life; that enthusiasm has not, on the whole, run away with their judgment; that they have a really just perspective of student activities with reference to the main purposes of the University. They have shown a disposition to search after facts and they have kept their feet on the ground. That has given the University character and has built up a great student tradition, to seek first the higher things. The editors of *The Illio* have promoted this tradition and shared in its fine effects. The improvement of *The Illio*, in character of content and in physical form, through the years has reflected this progress. I trust that these attributes and this spirit may continue to grow finer and better. . . . .

### To the Students of Illinois

CHANGES of more or less importance occur in the personnel of our Faculty from year to year, but when the Fall Semester of 1930 opens a change of major importance will have taken place. My reference is, of course, to a change in the Presidency of the University. We have passed through such a change only four times in the sixty-three years since the University was established.

I am sure that you, as students, share with the Board of Trustees a feeling of regret in the passing from active service of President David Kinley,

who has given such extraordinary service to the up-building of our University.

With the continued interest of our students in the welfare of the University, their loyalty after school days are over, and with our thorough organization, may we not expect a continuation of the success we have had!

I bespeak for Dr. Chase, who will be our new President, the constant co-operation you have given President Kinley in the past.

DEAN KENDRIC C. BABCOCK

## The College of Liberal Arts and Sciences

KENDRIC CHARLES BABCOCK, *Dean of the College of Liberal Arts and Sciences*, was born in South Brookfield, New York, on September 8, 1864. He graduated from, and was Provost of, the University of Minnesota, and took his doctorate from Harvard, completing his work there in 1896. On leaving Harvard, he became an assistant professor at the University of California. This position he left to accept the presidency of the University of Arizona in 1903. From 1910 to April, 1913, he served as a specialist in higher education in the United States Bureau of Education, accepting his present position at the end of that time.

THE College of Liberal Arts and Sciences was founded in 1913 by the union of the former College of Liberal Arts with the contemporary College of Science. Since that time the Colleges of Commerce and Education and the School of Journalism have arisen from former departments of this College. It is still much the largest of the Colleges, not only in the number of its students, but also in the size of its faculty. Its nineteen separate departments and its affiliation with the other Colleges and Schools of the University offer the student a general edu-

cation, with opportunities for specialization in many lines.

The College offers special curricula in Chemistry and in Chemical Engineering, as well as pre-professional courses in preparation for journalism, law, and medicine. The College provides, moreover, instruction in its several departments for students registered in other Colleges and the Graduate School to such an extent that it may well be considered the general service College of the University.

## The College of Commerce and Business Administration

CHARLES MANFRED THOMPSON, '09, Dean of the College of Commerce and Director of the Bureau of Business Research, was born in Fairfield, Illinois, on November 10, 1877. On completing his undergraduate work here, he went to Harvard University, where he studied in 1910-1911, returning to the University of Illinois in 1911 as an assistant in history. He continued his graduate work here, receiving his Ph.D. in 1913. Since that time he has been serving continuously on the faculty, accepting his present position in 1919.

DEAN CHARLES M. THOMPSON

THE aim of the College of Commerce is to develop power in sound thinking rather than facility in technique. The College is not interested in teaching students how to sharpen their business tools; it is interested, however, in teaching them how to make tools when, after leaving college, they meet up with tasks for which they have no tools.

To put the matter in yet another way, the aim of the

College of Commerce is to give its students a liberal education with a bias toward business. This it does by requiring them to major in Economics, Accounting, Business Administration, and Business Law, by offering a variety of subject groups from which students may select according to their individual needs, and by permitting a rather liberal choice of elective courses.

DEAN MILO S. KETCHUM

## The College of Engineering

MILO SMITH KETCHUM, '95, Dean of the College of Engineering, was born in Burns, Illinois, on January 26, 1872. Since finishing his undergraduate work, he has been constantly connected with universities, except for two brief periods. In 1897-9 he served as bridge and structural engineer for the Gillett-Herzog Manufacturing Company, and in 1903-4 was with the American Bridge Company in Kansas City. Before assuming his present position in 1922, he served in similar capacities at the University of Colorado from 1905 to 1919, and at the University of Pennsylvania from 1919 to 1922.

THE College of Engineering has ten departments of instruction and offers fourteen specialized curricula. No institution in America has done more to promote research in engineering science than the University of Illinois. Wherever engineering is practiced, the Engineering Experiment Station is known for its valuable contributions to knowledge. The Station has published 205 bul-

letins and 19 circulars. Numerous manuscripts presenting the recent results of investigations have been accepted for publication. Over eighty investigations are in progress at the present time, the completion of some of which will be of tremendous importance to members of the engineering industries.

## The College of Agriculture

HERBERT WINDSOR MUMFORD, *Dean of the College of Agriculture*, was born in Moscow, Michigan, on February 26, 1871. He received his education at the Michigan Agricultural College, from which he was graduated in 1891, and from which the honorary degree of Doctor of Agriculture was conferred upon him in 1927. Returning to his Alma Mater in 1895, he served as an instructor and assistant in the Agricultural Experiment Station, attaining his full professorship in 1899. In 1901 he became Professor of Animal Husbandry at the University of Illinois, and since that time has been here continuously, serving in his present capacity since 1922.

DEAN HERBERT W. MUMFORD

A VERY large part of the population of Illinois lives in what may properly be called a rural environment. It is the duty and privilege of the College of Agriculture to train men and women for successful achievement in such an environment.

It is the aim of the College to make available to its students, through systematic instruction, the discoveries of science and the experiences of the best farmers of all

time. Through experiment, investigation, and research the Agricultural Experiment Station is constantly discovering new knowledge which is put into teachable form for the benefit of students and farmers.

The College is also interested and primarily concerned with the training of men and women who, because of their education, will be able and willing to render a greater service to the world.

DEAN ALBERT J. HARNO

## The College of Law

ALBERT JAMES HARNO, Dean of the College of Law, was born in Holabird, South Dakota, on January 30, 1889. He graduated from Dakota Wesleyan University in 1911, from which school he received the honorary degree of Doctor of Laws in 1927. In 1914 he received his LL.B., magna cum laude, at Yale University. He practiced in Los Angeles until 1917, when he became Dean and Professor at Washburn College of Law in Topeka, Kansas. In 1919 he went to the University of Kansas as Professor of Law. He has served here as Professor of Law since 1921, and as Dean since 1922.

THE College of Law was established in 1897. Since that time important changes have taken place in the field of legal education. With these the College has kept pace. During the last thirty years there has been a constant movement toward increased admission requirements to the study of law. This College has adopted the high standard of admitting only those students who are graduates of colleges of approved standing and seniors

in this University who are permitted to elect law courses toward their degrees. The primary aim of the College is to educate students through serious professional work for the practice of law. To that end it seeks to promote legal scholarship, to develop professional character, and to inspire an appreciation of the duties and responsibilities of a lawyer as a member of society.

## The College of Education

CHARLES ERNEST CHADSEY, Dean of the College of Education, was born in Nebraska City, Nebraska, on October 15, 1870. He studied at Leland Stanford University and later at Columbia University, where he finished in 1897. In 1907 he became Superintendent of Public Schools in Denver. In 1912 he accepted the same position in Detroit, and in March, 1919, became Superintendent of the Public Schools of Chicago. Dean Chadsey left Chicago later in the same year to become Dean of the College of Education. He served the University in this position until his sudden death, April 9, 1930.

DEAN CHARLES E. CHADSEY

THE College of Education has as its special function the training of individuals expecting to go into some kind of professional education work. The types of educational work especially emphasized are High School Teaching, Supervision, and Educational Administration, While many types of educational preparation must in-

clude graduate study, the fundamental courses for the more advanced work are offered by the College of Education. Curricula are offered leading to the degrees of Bachelor of Science, in General Education, Physical Education and Athletic Coaching, Agricultural Education, Industrial Education, and Music Education.

DIRECTOR FREDERIC B. STIVEN

## The School of Music

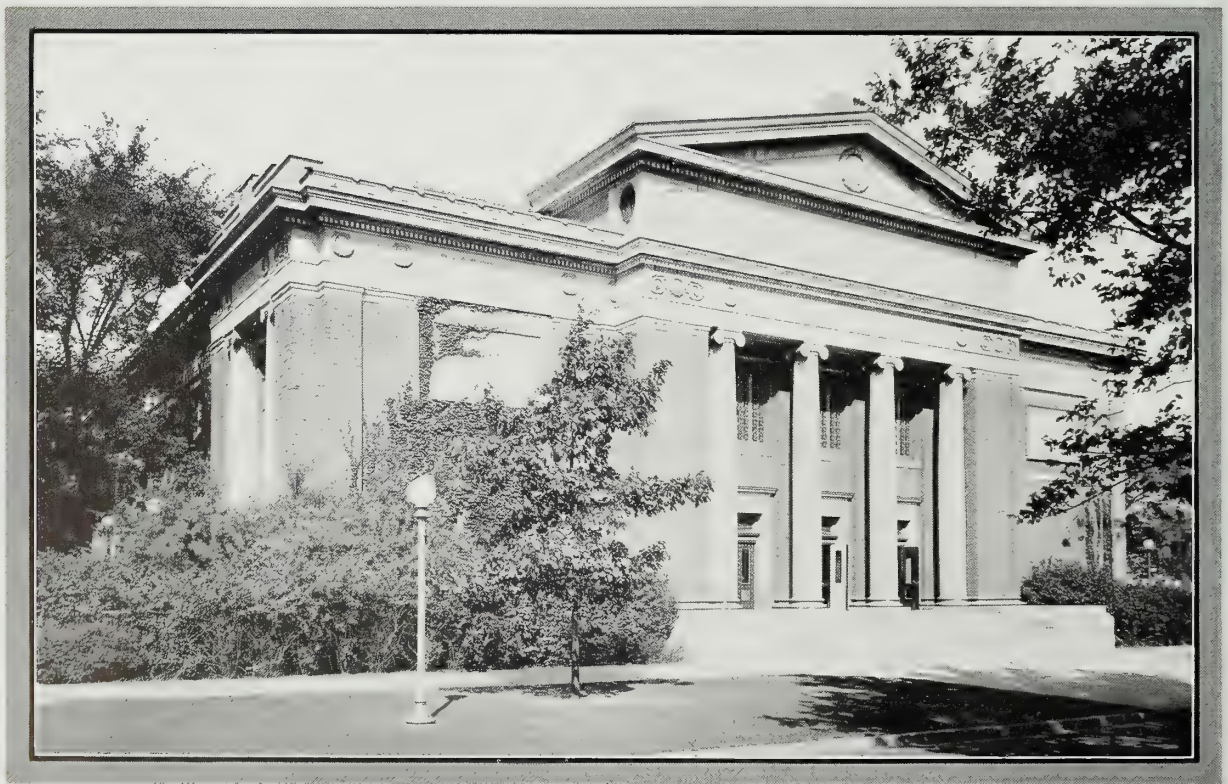

FREDERIC BENJAMIN STIVEN, *Director of the School of Music*, was born on July 17, 1882, at Ionia, Michigan. He received his B.Mus. at Oberlin College in 1907, and for two years remained there as an instructor in organ. From 1909 to 1911 he studied in Paris under Alexandre Guilmant and Charles Marie Widor. He returned to Oberlin in 1911 as a Professor of Organ and held that position until 1921, when he became Professor of Music and Director of the School of Music at the University of Illinois.

THE School of Music occupies Smith Memorial Hall, the erection of which was made possible through generous gifts to the University by Captain Thomas J. Smith. The building contains, besides the studios, classrooms and offices, some fifty practice rooms, and a Recital Hall seating over a thousand people. The equipment includes sixteen grand pianos, forty upright pianos, four two-manual practice organs, and a large three-manual organ built by the Skinner Company of Boston.

The students enrolled in the School of Music follow a

prescribed curriculum which includes four years' work in a major applied music subject; four years of a minor applied music subject; complete courses in Theory and History of Music; and various academic required and elective subjects.

Most of the musical activities on the campus are sponsored by the School of Music. It contributes in many ways to the cultural life of the University, and stands ready to serve any who are interested in the art.

## The Library and the Library School

PHINEAS LAWRENCE WINDSOR, *Director of the University Library and the Library School*, has spent twenty-nine years in library work. He was graduated from Northwestern University in 1895, and studied at the New York State Library School from 1897 to 1899. On leaving there he began his active work as assistant in the New York State library, but changed to the copyright office of the Library of Congress in 1900. In 1903 he became Librarian of the University of Texas, serving there until 1909, when he accepted his present position.

DIRECTOR PHINEAS L. WINDSOR

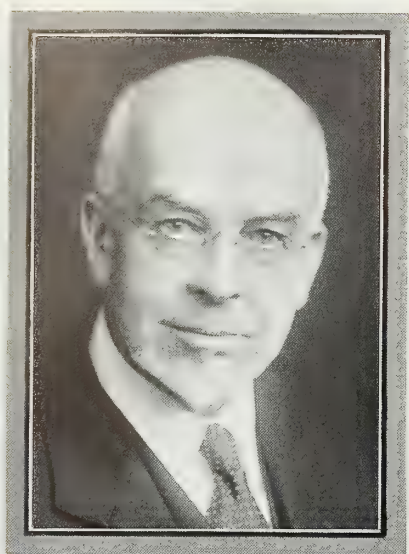

THE University Library not only supplies many volumes for class use by our large number of students, but also gives to our graduate students and to members of the faculty the use of the uncommon or rare books so often required in their advanced work. There is no large Reference Library in our immediate neighborhood; consequently we must provide in our own library all the printed resources that we need. The library staff organizes our more than 159,000 volumes for effective use.

The Library School is a professional school for the training of librarians, and admits only college graduates to its curriculum. Students come to it from every part of the country and occasionally from foreign countries, and its graduates are in libraries similarly located. The number, resources, and educational value of libraries in America are steadily increasing and there is a steady demand for college trained librarians.

DEAN ARTHUR H. DANIELS

## The Graduate School

ARTHUR HILL DANIELS, *Dean of the Graduate School*, was born in East Medway, Massachusetts, on October 19, 1865. After receiving his Ph.D. from Clark University in 1893, he came to the University of Illinois as an instructor in philosophy. For two years previous to Dean Babcock's arrival in 1913 he was acting Dean of the College of Liberal Arts and Sciences. Since 1918 he has been connected with the office of the Dean of the Graduate School, being Assistant Dean for one year, Acting Dean for two years, and Dean since 1921.

THE Graduate School represents the organized efforts and resources of the University for the purpose of giving opportunities for the most advanced study and for the promotion of research. These two functions, however, are by no means separate, for the spirit of research is the life of graduate study. The ideal of graduate work is one and the same for all graduate students. Some are fitting themselves for higher teaching and ad-

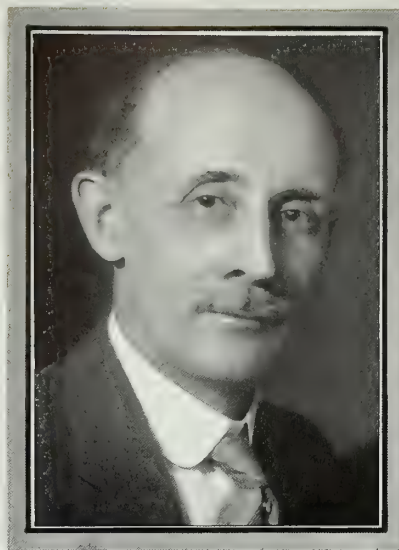

ministrative positions. Others are looking forward to careers in the fields of business, industry, engineering, and the several professions. But it is the purpose of the Graduate School to train all in the methods and the use of the materials of their subjects so that they may become not only experts and authorities, but also independent workers in their chosen fields.

## The School of Pharmacy

WILLIAM BAKER DAY, Dean of the School of Pharmacy, was born in Peru, Illinois, on February 15, 1871. He attended the Chicago College of Pharmacy, where he received his Ph.G. in 1892. Since that time he has been constantly on the faculty of the School of Pharmacy. He served as an instructor until 1900, when he became a Professor of Histological Botany and in 1913 Professor of Botany and Materia Medica. He has been closely identified with pharmaceutical organization, having served at various times as general secretary, member of the council, and president of the American Pharmaceutical Association. He was Acting Dean from 1914 to 1919, when he assumed his present position.

DEAN WILLIAM B. DAY

WITH the adoption of the three-year curriculum in 1925 and the completion of the new building in 1927, the School of Pharmacy entered upon a career of greater usefulness. The student body has grown so that nearly seven hundred young men and women were enrolled during the last session. The faculty has been proportionately increased and the School has taken its place

as the largest school of its kind in the West and one of three or four largest in the country. While its course is pointed toward the practice of pharmacy, many of its alumni are found on the staffs of pharmaceutical laboratories. Not a few are hospital pharmacists, or are engaged in teaching and in other lines of activity related to pharmacy.

DEAN DAVID J. DAVIS

## The College of Medicine

DAVID JOHN DAVIS, Dean of the College of Medicine, was born in Racine, Wisconsin, on August 10, 1875. He studied first at the Racine Academy and later at the Universities of Wisconsin, Vienna, and Freiberg, and at the University of Chicago. He served in the capacity of Pathologist at St. Luke's Hospital in 1911-13, and became a Professor of Pathology and Bacteriology at the College of Medicine in 1913. He has written several treatises on Bacteriology and is the author of other medical papers. He began serving first as Acting Dean in April, 1925, and succeeded to the Deanship in September, 1925.

**D**URING the past year the new Nurses Home has been completed, the building for the Institute for Juvenile Research is under construction as is also a complete Service Building for the general hospital group. We expect in the near future to open the new Psychiatric Institute and also the Institute for Crippled Children. At the last general assembly, the Legislature

generously provided \$1,500,000 for a new Laboratory building for Dentistry and Medicine. Plans are nearing completion for this much needed building. Ground will be broken early this Spring. It will be ready for occupancy in the Fall of 1931. This building will be located in close proximity with the Hospital and other buildings of the new group just South of the County Hospital.

## The College of Dentistry

FREDERICK BOGUE NOYES was born in Chicago, on August 22, 1872. He was graduated from Beloit Academy in 1889 and received the degree of Bachelor of Arts from Johns Hopkins University in 1893, and that of Doctor of Dental Surgery in 1895 at Northwestern University. He began practicing dentistry in Chicago in 1895; since 1909 he has specialized in orthodontia. From 1897 to 1913 Dr. Noyes was Professor of Histology in Northwestern University Dental School. In 1914 he became Head of the Department of Histology and Orthodontia in the University of Illinois College of Dentistry and served in that capacity until 1926, when he succeeded to the Deanship of the College of Dentistry.

DEAN FREDERICK B. NOYES

A GRADUATE course in orthodontia leading to the degree of Master of Science has been offered in the College of Dentistry since 1922. The purpose of the course was the preparation of students for research. The course has now been so reorganized and extended that it prepares the student not only for research and teach-

ing, but for the practice of orthodontia as a specialty. In order that highly personalized instruction may be given each registrant, the class is limited to six members during 1930-31. It is hoped that improved facilities will allow the size of the class to be increased in 1931-32.

PROF. LAWRENCE W. MURPHY

## The School of Journalism

LAWRENCE WILLIAM MURPHY, *Director of the School of Journalism*, was born in Madison, Wisconsin, on October 18, 1893. He received his B.A. degree from the University of Wisconsin and his M.A. degree from the University of North Dakota, and has done advanced graduate work at the Universities of Wisconsin and Illinois. Prior to coming to Illinois in 1924 he was engaged in the practice of journalism, military service, and the teaching of journalism. He was formerly Head of the Department of Journalism at the University of North Dakota.

THE School of Journalism is an outgrowth of instruction in journalism begun at the University in 1902. A four-year curriculum was outlined in 1905 and the professional program has developed since that time. The work is now organized on a junior-senior graduate basis leading to distinct degrees. Freshmen and sophomores have an opportunity to register in a pre-journalism course within the College of Liberal Arts and Sciences.

The purpose of the School is to give students seeking

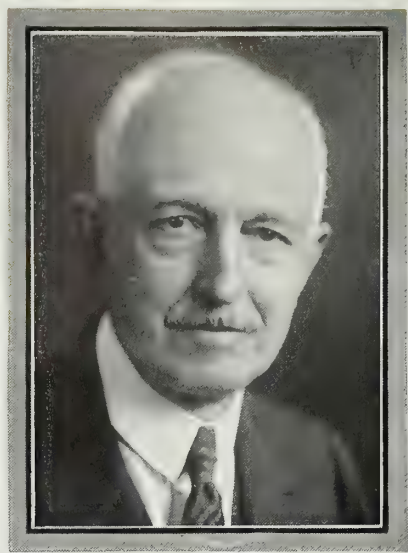

preparation for journalism and publication work the advantages of both a general and specialized education. During the freshman and sophomore years in the pre-journalism course the emphasis is placed on general and cultural studies, and during the years in the School of Journalism the emphasis is placed on journalism, social sciences, literature, and other subjects that play an important part in journalistic work.

DEAN THOMAS ARKLE CLARK

THOMAS ARKLE CLARK, '90, Dean of Men, was born in Minonk, Illinois, on May 11, 1862, and studied at the Universities of Illinois, Chicago, and Harvard. He has been Dean of Men here since 1901, and his work has gained him national recognition as an authority on all phases of a university man's life. During the twenty-nine years of his service he has probably been guide, counselor, and friend to more young men than any other man in the country.

## Office of the Dean of Men

**S**TUDENTS come and go throughout the doorway of the Office of the Dean of Men from eight in the morning until six in the evening. To some, advice and direction are tendered without having been asked for, but for the most part the visitors come of their own volition to visit, to get advice, or for some concession or other.

At the present time there are four men who devote from six to eight hours a day six days a week, to these visitors. These are Dean Thomas Arkle Clark, Fred H. Turner, assistant dean of men, G. Herbert Smith, assistant dean of men for freshmen and foreign students, and George B. Elliott, who is in charge of student organizations and activities. Whatever personal problems the undergraduate man has they try to help him solve so that out of his college experience he may come as nearly as possible to getting a real education.

DEAN MARIA LEONARD

MISS MARIA LEONARD, *Dean of Women*, was born in Indianapolis, Indiana. She was graduated from Butler College in 1906, and received her M.A. at the University of Colorado in 1910. Since that time she has been constantly engaged in Dean's work, having served as Dean of Women at Idaho State Normal from 1910 to 1912, at Coe College, Iowa, from 1912 to 1923, and at the University of Illinois since 1923.

## Office of the Dean of Women

AS GENERATIONS of University students come and go through the years, their needs vary little from time to time. Student life is built around interest in scholarship, housing, student employment, student loans, organizations, and extra-curricular activities. Needing help on these student questions, the women students of the University come to the office of the Dean of Women for advice.

The office staff includes Miss Irene Pierson and Miss Mary Trenchard, assistant deans of women. Personal contacts come through hundreds of interviews with students, faculty, parents, and house-mothers; also through correspondence with parents. The purpose of the office is to encourage and promote scholarship, obtain desirable living quarters for Illinois women, and to secure as far as possible natural means of their development intellectually, socially, and ethically, comparable to the ideals and standards of the University of Illinois, both from the individual and group angle. Individual and group interests are guided and assisted through regular conferences with group presidents of student organizations. The whole organization of the office seeks to serve the campus.

UNIVERSITY HISTORY

---

---

---

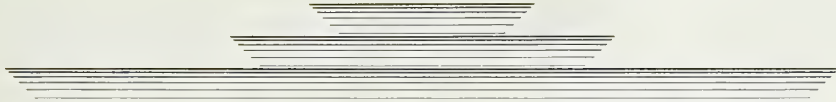

WITHIN the space of a man's lifetime the University of Illinois has grown from a gangling infant occupying a single building to a powerful, influential giant housed in one hundred and twenty-five structures sprawled over four hundred and twenty acres of Illinois prairie. It is the third largest of its tribe. Devoted loyalty to the institution and burning zeal for its advancement on the part of faculty, students, and residents of the state have been responsible for its unprecedented rise to place and power. Yet the fame of the University does not rest on size or growth alone. The contributions of its members to cultural advancement, scientific achievement, and improved living conditions for everyone have made the good name of Illinois permanently secure. Unfolded in the following pages is the story of the University's evolution. On perusing it one finds the incubation of Illinois Loyalty, and watches its progressive development and increasing hold down through the years. One observes, and marvels, that the same brotherly spirit which bound together Illini in the early years still prevails, potently magnified, in spite of the fact that the University has assumed Gargantuan proportions. Loyal Illini may swell with pardonable pride while reading this diary of their Alma Mater.

---

FEELING that the Illio should serve as more than a mere catalogue of names and events of the past year, we have created a new section, University History. Here, in a small way, we have attempted to pictorially portray the growth of this great University and all of its branches. We trust these few pages will prove interesting to older Illini and also to those present students who desire to know more of the history of their school.

We are greatly indebted to Professor James M. White for encouragement, advice, and assistance throughout the creation of this section, without whose help it would never have been completed. Carl Stephens of the Alumni Association also furnished us with a wealth of material. . . . .

THE PRESENT ARMORY

MILITARY instruction at the University of Illinois is based on the Land Grant Act. The State accepted this Act and the grant of land provided thereby on February 28, 1867.

Military activities were first centered in the Armory and Shop building on the corner of Burrill and Springfield avenues, and later in the Armory, now known as the Gym Annex.

In the spring of 1913, work was begun on the present Armory and soon the skeleton steel work stood out on what was then almost vacant prairies. When completed, the stucco sides presented a harsh though imposing spectacle.

During the World War, the Armory was the living quarters of the

Student Army Training Corps, and for this purpose a second floor was constructed. The first floor was used as a mess hall and was nicknamed "the forestry" because of the maze of columns. The food was prepared in true army fashion in the efficient kitchens located in an adjoining building.

In 1926 a two story brick and stone addition encircling the Armory was built at a cost of about \$425,000. Since the completion of this addition built in the Georgian style used in all new University buildings, the Armory is considered by many as the most impressive structure on the campus.

UNI HALL MUSEUM ~ 1890

UNIVERSITY HALL, which was for fifty-six years the center of University activities, ambitiously constructed by the five-year old University, seemed out of place in 1874 on the bleak prairies. Compare its barren surroundings with the bustling campus life and buildings of today, compare the wisps of trees and the scraggly grass of the foreground with the stately elms and smooth turf of the present, and you will glory in the growth of your University.

In 1890 on the second or main floor of this building was found the Museum, on the third the Library, on the west wing of the fourth the

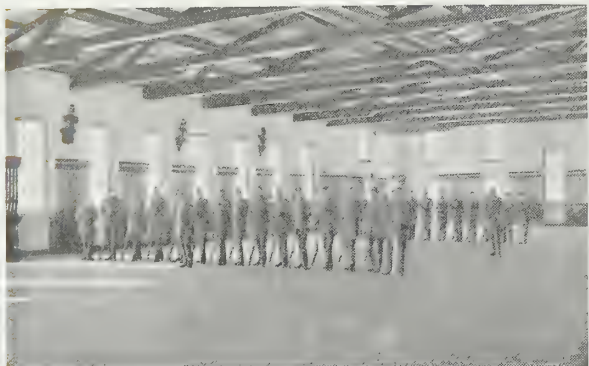

Art Gallery, on the east wing of the same floor the Art and Design Studios, while on the top floor in Philomathean and Adelphic Halls were held the meetings of the men's popular societies.

Although the famous landmark is really inadequate with its rough board floors and creaky staircases it is kept standing and in use because of the tradition attached to it. For fifty-seven years Illinois men and women have thronged its corridors till it now has a place in the hearts of all. It is not an ordinary school building; it is representative of Illinois life.

PRES. TAFT REVIEWS, 1911

THE bearded band and antiquated cadet uniforms shown above are remnants of the Civil War period, but were exactly right in 1874, when this picture was taken. The site is that of the present Gym Annex. The Armory and Woodshop appear in the background. The second floor of this building shown below was the scene of the military activities, including the Military Ball, for many years.

Professor James M. White, the present Supervising Architect, is shown with his student company in 1888 drawn up before this same first Armory.

In 1909 General F. D. Grant delivered the address on Military day, and with President James and Colonel Fechet was given a ride in a "horseless carriage." The beautiful donors in their long white dresses added to the pleasure of the presentation of the medals.

Echoes of West Point may be found in this array of the cadets in Illinois field in 1910 with the natty uniforms so different from the present-day khaki. President Taft, the only president who has ever visited the University, appears reviewing the army in 1911. President James is on his right.

## RECENT COMMENCEMENT AT NEW GYM

MOVING from one campus building to another with the growth of the University, the commencement exercises trace this development. In 1878 the exercises of the Illinois Industrial University, as it was then called, were held in the chapel, while in 1906 the procession led toward the Armory, now the Gym Annex. The Materials Testing Laboratory now rises on that smooth turf to the left of Burrill Avenue.

In 1909 we see the learned seniors on their way to the Auditorium for their last exercises, marching where the addition to the Woman's

By 1915 the ceremony had been moved to the newly-completed Armory, which was separated from the main campus by an orchard, and in 1929 the new Gymnasium was the scene of Commencement. This immense room packed with people typifies the change wrought in fifty-one years when compared with the forty graduates of 1878. In 1981 what?

## THE FIRE!

### Chicago Hopelessly Ruined!

Miles on Miles of the City in Ruins and Ashes.

150,000 People Homeless!

LOSSES ESTIMATED AT \$400,000,000.

Fury of the Fire about Spent.

Any attempt at describing the scenes of the terrible calamity which has hopelessly ruined the Garden City, would be idle. The simple facts that the once great city of Chicago is destroyed, that hundreds of millions of her active capital have vanished, and that nearly one-third of her inhabitants are homeless dependents, are enough. Any attempt to embellish would be but mockery. We will, therefore content our readers with the plain, bare, and, in many cases, disconnected telegrams, just as we receive them.

Some of the telegrams here given should have reached us on Monday, but the lines were disconnected in some places and so occupied at other points that they did not come through.

CHICAGO, OCT. 10, 2 P. M.

One-third of the city is in ruins. All the

that the victims of the fiery monster may be counted by scores.

The reign of fire and brimstone at Sodom and Gomorah can hardly be compared to the devastating reign of the Fire Fiend in Chicago. More than one-half the population are now rushing through the streets in vehicles which are obtained at enormous prices, on foot and in every other way, with the choicest household treasures in their arms and on their backs, in utter confusion, not knowing where to go. Fearful suffering must follow, and mostly immediately. Full 150,000 people are at this moment homeless and houseless, not knowing where to lay their heads or get anything to satisfy the cravings of hunger.

LATER.—TUESDAY, 3 P. M.

Mr. Rob't Woolsey, a former resident of this city, but now Train Dispatcher for the I. C. R. R. Co., is located at Calumet today. He has dispatched to this point in substance as follows:

The fire has finally been stopped on the South Side, about one mile south of Lake street. On the North Side it burned through to Lincoln Park, thence clear out to Sunny Side, a distance of fully 5 miles north of the court house site.

All the grain elevators have been destroyed except one—Elevator B.

The Tribune building is still standing, but the roof has fallen inward the inside is completely riddled.

The Court House, Post Office, Office of Commerce, and all other such buildings are down flat.

Many heavy dealers who took millions of dollars worth of costly goods to Lincoln Park lost them.

All churches, colleges, schools and other public buildings are filled with the homeless

sufficient, call on the military authorities at St. Louis for the same purpose.

Relief is being offered from all quarters. Up to this time these offers stand about as follows: St. Louis \$70,000, Cincinnati \$100,000, Columbus \$10,000, Oswego \$2,000, and Wheeling \$5,000. Relief meetings are being called in other cities throughout the Union, and in a few days aid will be pouring in from every direction. Just now the great demand is for cooked food.

It is now positively asserted by some that the Water Works are still intact, but that the water was shut off from the South and West Division on account of the quantity being used on the North Side.

There is but one bridge left standing across the river and that is at Polk street.

#### ADDITIONAL ITEMS.

Indianapolis sent a brigade of her fire department to Chicago, and has pledged \$20,000 for the relief fund.

It is believed that every Chicago Insurance Company will fail.

So, also, will many others. It is thought that the best New York and Hartford companies will pay losses. Their business being diversified will enable them to do so.

The Lorillard Insurance Company it is thought will lose \$1,000,000.

The excitement in New York is intense and the printing offices are issuing extras hourly.

The railroad lines leading to Chicago are all using every endeavor to forward supplies immediately.

#### Card of Thanks.

The members of Champaign Engine Co.

#### A Card.

We wish to publicly acknowledge our thanks due to Fire Co. No. 2, of Champaign, for saving our lumber yard and corn cribs from destruction by the terrible fire which raged in Urbana on Monday.

We think it was owing to their prompt and efficient action, seconded by that of the employees of the I. B. & W. R'y, who furnished water from their tanks with their engines, that our lumber and corn-cribs, and Park & Royer's mills were saved from the devouring element.

**Look Out.**—Let all be on guard for thieves. They are now endeavoring to make off from Chicago with their plunder. Detectives Loper & Hall arrested a woman this morning, who gave her name as McMahon, who landed at the depot with cloths and silks. She was examined before Esq. **Thanks.**—We have been requested by the citizens of Chicago, to tender the warmest thanks of the people that unfortunate town to the members of Engine Co. LOOKING SOUTH FROM ENGINEERING HALL — 1896

WHEN Chicago was devastated by the great fire in October, 1871, the cadets of the Illinois Industrial University were ordered to the scene by Lieutenant General Sheridan and James B. Fry, assistant Adjutant General, commanding officer of the I. I. U. cadets.

At 1 o'clock in the morning the cadets were herded into a train and carried to Chicago where they marched the streets until 2 p. m. before reaching their assigned territories. They ate and slept in a church in the western part of the city and guarded the surrounding area.

While one could walk for miles in Chicago and see nothing but

ashes, there were many partially destroyed buildings which the cadets had to guard against thievery.

The cadets remained in Chicago about a week, being relieved from duty on Oct. 13. R. B. Mason, mayor of Chicago, as well as several grateful business men wrote Captain Snyder of the cadets, expressing thanks "for the unceasing care, courtesy, and endurance" displayed by the cadets in the preservation of the peace and protection of property.

It is interesting to note that at almost the same time a very serious fire in Urbana destroyed the greater number of the buildings north of Main street as well as some on the south.

## A FALSE RUMOR.

That to the Effect that the Freshmen President Was Kidnapped.

He is in the hands of Classmates and will Deliver His Address at the Sociable Tonight.

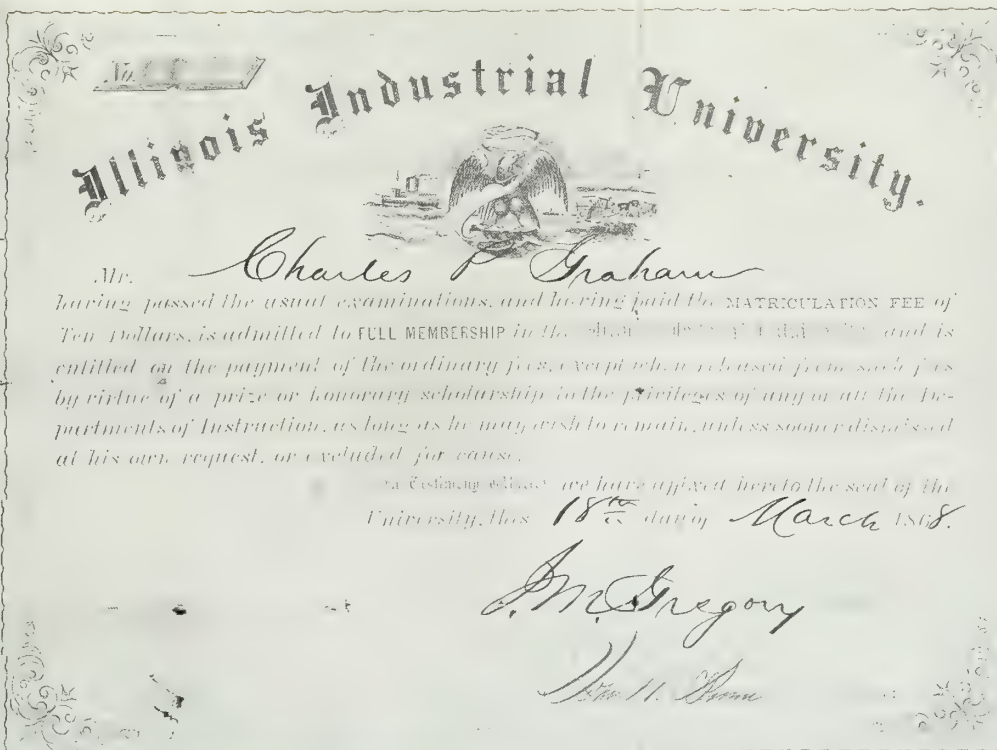

A rumor was in circulation this noon that A. H. Griswold, the president of the university freshman class, had been kidnapped.

The kidnapping was said to have taken place about 10 o'clock, but "The Gazette" has investigated and Griswold was seen at 11 o'clock by several of his classmates.

It is thought that the young gentleman is in hiding and will reappear in time for the social tonight.

President Griswold rooms at 320 West Green street, Urbana. A reporter for "The Gazette" called at that number late this afternoon. He did not have an opportunity to see Mr. Griswold, but was assured by the person who answered the bell that he had not been stolen away.

He is in care of a number of members of the freshman class and is in hiding at the lodgings of one of the number.

MEMBERSHIP RECEIPT OF I.I.U. -- 1868

LOOKING NORTH FROM UNIVERSITY HALL -- 1874

WHEN Charles P. Graham paid his matriculation fee of \$10.00 in 1868 he received a much more impressive receipt than the modern fee slip. The Regent and Treasurer signed for the Illinois Industrial University and affixed the Official seal bearing the words "Farmers and Mechanics Illinois Industrial University" and the motto, "Upward and Onward."

Honor was not the sole reward of the president of the freshman class in 1898. The queer style then used by the newspapers appears in the second deck of the headline.

The northward view from University Hall in 1874 presents inter-

esting highlights on University history. In the immediate foreground Green street strikes across the prairie and the Boneyard meanders along in much the same course as it follows today. On the right the Armory and Shop building rises just south of where Springfield avenue is today; on the left appear the Chase homes, where Mrs. Chase had the best boarding house on the campus—\$3.00 per week. The five-story building in the background is the original Champaign-Urbana Institute building just south of University avenue at the north end of the present Illinois Field. This building, the first owned by the University, is further described on the following page.

OLD ARMORY & SHOP BUILDING ~ 1890

THE Champaign-Urbana Institute building was given to the University at the time of its founding, and before University Hall was built most of the classes were held there. Later it was used as a men's dormitory until partially destroyed by a storm in the spring of 1880. Deciding that repairs would be useless, the trustees ordered it razed the following year and the materials were used in the construction of new buildings.

When Old Ag was built it was an outpost in the prairies; few buildings stood so far south on the campus. This picture shows well

how the University hastened the building up of surrounding territory, a process that is still going on. The Auditorium right after its construction also shows the barrenness of the campus. This was a magnificent building at the time of its construction, but is now antiquated for stage production.

The original Chemistry building, which has passed through the stages of Law, Old Law, and Entomology, here appears with its original Mansard roof, destroyed by fire in 1896, and its first entrance, which has since been changed.

PRESIDENT KING OVERTHROWN

Sophomore Class of the University Repudiates His Action and Rebukes His Methods—Another Illio Election to Be Held—Students Who Know Their Rights.

The sophomores held an interesting and exciting meeting in the University chapel Tuesday afternoon. After reports had been heard the class proceeded to the election of officers for the present term. E. B. Lytle and C. J. Peeples were placed in nomination for president and a vote by ballot was taken. The following officers were elected by acclamation: Vice president, Miss Albertina Gross; secretary, J. H. Armitage; treasurer, Miss Florence Beebe; sergeant-at-arms, Miss Frances Green; base ball manager, E. O. Keator.

President King then announced that the vote on president had resulted as follows: Lytle, 65; Peeples, 68. J. O. Neikirk, who was seated in the rear of the room, rose to his feet and created consternation by declaring that the ballot had been stuffed, backing his claim by the statement that 133 votes had been counted when but 117 persons were present. Another member challenged the correctness of Mr Neikirk's assertion, but he was silenced by cries

Besides the University men who heretofore left, two of the best athletes have received orders to report to the companies of which they are members. A. N. UNIVERSITY BAND ~ 1885

A FOOTBALL victory in 1898 was greeted with a great deal more obvious enthusiasm than today's sophistication will allow. . . .

Swannell's Drug Store in 1870 occupied the same corner and building that it does today. . . . Perhaps the gentleman in the tall hat standing on the curb is patiently waiting the forerunner of the street car.

There is a strangely familiar tinge to the article in the lower left corner regarding the elections in 1898—it would seem as though

modern political parties are not the first to fight corruption on this campus.

The Spanish-American war took its toll of students in 1898. In the same year we find that Athletics had not been placed on their present profitable basis.

The band of 1885 can hardly be compared to the modern football bands, but what it lacked in size and quality it made up in enthusiasm.

## THE MILITARY BALL.

A Nice Social Event in Which Something Like Eighty Couples Took Part.

Military Hall, at the University, was the scene of the third annual military ball yesterday evening. The elite of the University circles and the flower of Champaign and Urbana society, were out in force. Military Hall was beautifully decorated with the University colors, orange and blue, white flags and signals floated from above and along the sides of the hall. From behind a bank of potted plants and palms, the strains of Snyder's orchestra floated out over the crowded hall.

At the meeting of delegates from thirty University organizations held Monday night to devise means for raising the Athletic association's debt of \$1,800, it was decided to give an entertainment in Military hall some time during January for this purpose. The entertainment will take the form of a concert to be participated in by the University musical organizations. A farce, to be presented by the University's best dramatic talent, may also be added to the program. Prof. S. W. ATHLETICS and publications were far from the only activities of the first students. Chapel attendance was a requirement then, and a little later class rivalry reached its heights. Although the sophisticated sophomore has now only a slight and supercilious interest in the humble frosh, time was when a good-natured rivalry was actively displayed. The Color Rushes, the Push Ball contests, and the Sack Rushes provided stimulation as well as an outlet for these feelings, although many shirts were ruined and eyes blacked in the process. ## Interscholastic Circus

**C**LOSING his career of eight years as the Illinois circus coach, Carlos Wagner presented one of the most successful shows ever staged on the campus for the twenty-second annual Interscholastic circus in the Memorial Stadium. Twelve thousand spectators witnessed the colorful spectacle of acrobats, individual, doubles, and fraternity acts. Theta Chi won first prize for the fraternity stunts in division A, while Delta Sigma Pi grabbed top honors in division B. Fantus and Bernstein romped off with the doubles clown performance, DeWolf was awarded first prize in the singles clown acts, and Fitzer won the singles animal presentation.

Metcalfe splashed to victory in the 100 yard dash through a drizzling rain, and then set a new interscholastic record of 21.3 seconds in the 220 yard dash. Hansel of Malden set another Interscholastic mark when he ran the 440 in 51.1 seconds. Oak Park was third in the final standings with 14 points, Atwood scored 10, and Murphysboro and Streator chalked up 9 each.

AND UNTO THESE WE PLEDGE OUR HEART AND HAND...

PACE-SETTER for the nation is the Illinois student body in the significant matter of sportsmanship. Illinois athletes have long been noted for their love of the game for its own sake, their honesty in abiding by the rules, their gentlemanly and considerate treatment of opponents and officials, and their willingness to go more than halfway with the other fellow. Last year the Illinois student body voluntarily adopted a Code of Sportsmanship which has become the model for sportsmanlike behavior of spectators all over the land, and by means of which Illini sports fans vie with Illini athletic teams in courteous treatment of opponents and officials. Loyalty did the trick. The same loyalty to school, to fellow-students, and to the Father of Sportsmanship, "G" Huff, which has made countless Illinois athletes live abstemious lives and drive themselves to the hilt for their Alma Mater, over-night turned Illinois athletic followers from customary channels of spectator-behavior into crowds of impeccable gentlemen and unassailable sportsmen. Loyalty is a big word in Illinois athletics.

PROF. GEORGE ALFRED GOODENOUGH

## In Memoriam

PROFESSOR George Alfred Goodenough, for 23 years a member of the Western Intercollegiate Athletic Conference and for 32 years a member of the faculty in the College of Engineering, died at his home in Champaign on September 29, 1929. Professor Goodenough was admired and loved by his students, faculty associates, and friends as a teacher, scientist, engineer, author, book-lover, and as a most capable and respected arbiter during his chairmanship of the faculty committee of the Western Conference. George A. Huff, director of Athletics, has paid a fitting tribute to Professor Goodenough in the quotation which follows:

"Professor Goodenough's contribution to the athletic cause in the Conference and at the University of Illinois was of great value. Perhaps the greatest tribute I can pay to him is to say that in all Conference legislation he never raised the point as to how it would affect

Illinois, and I am sure he never thought of that. He considered it solely from the viewpoint as to whether or not the legislation was for the best interests of athletics.

"It must be kept in mind that Professor Goodenough's chief interest was as a teacher and a scientist, but yet he had time to give to athletic problems and his keen judicial mind made his decisions universally acceptable. While others will speak of his work as a scientist, yet I would like to say a word about his reputation as a teacher. Gained from my knowledge from talking with students, I have heard many of them say that he was the greatest teacher they had studied under.

"I regret the passing of my good friend. He was always genial, always fair, and always thoroughly unselfish."

## Cheerleaders

CHEERLEADING at Illinois has reached a higher standard during the last several years with the selection of cheerleaders from competition and with the adoption of the Illini Code of Sportsmanship. The attitude and expression of the entire crowd at any athletic event depends on the influence of its cheering captains. With Dick Palmer as head Varsity cheerleader, aided by two capable juniors and a squad of sophomores, sportsmanship reached an even higher level at Illinois sports events during the 1929-30 school year.

ILLINOIS athletic teams not only won the majority of their contests during the year 1929-30, but again successfully maintained their reputation of winning and losing fairly and of upholding the Illini Code of Sportsmanship better than ever before. The students as well as the players themselves co-operated to enforce the code during its second year of existence. Intramural, as well as Varsity and freshman athletics, made great progress during the past year with the inauguration of the Independent managerial system in conjunction with that of the fraternities.

The Illini Code of Sportsmanship, as adopted by students of the University, is deserving of perpetuation in the 1931 ILLIO, and it follows:

### A True Illini Sportsman

1. Will consider all athletic opponents as guests and treat them with all of the courtesy due friends and guests.
2. Will accept all decisions of officials without question.
3. Will never hiss or boo a player or official.
4. Will never utter abusive or irritating remarks from the sidelines.
5. Will applaud opponents who make good plays or show good sportsmanship.
6. Will never attempt to rattle an opposing player, such as the pitcher in a baseball game or a player attempting to make a free throw in a basketball game.
7. Will seek to win by fair and lawful means, according to the rules of the game.
8. Will love the game for its own sake and not for what winning may bring him.
9. Will "do unto others as he would have others do unto him."
10. Will "win without boasting and lose without excuses."

**D**RIVING for a third successive Big Ten football championship, Coach Bob Zuppke's 1929 gridmen barely failed to achieve the coveted goal and closed the season in second place with three victories, one defeat, and one tie. Added to this successful record was the thrilling 17 to 7 triumph over the Army, the game "Zup" and his warriors had set their hearts on winning if they never won another. Seventeen lettermen greeted the Illini mentor at the first practice, indicating a veteran, experienced eleven, but many of the older players received injuries which kept them out of the lineup for weeks at a time. The Northwestern defeat after a tie with Iowa put the Zupmen out of the running for another title, and it was not until the final battle at Ohio that the team of veterans actually played an entire game like a co-ordinated, well-oiled football machine.

## Reserve Football

THE ILLINOIS Reserve football squad won the championship of the Big Ten under the coaching of "Weenie" Wilson and Johnny Sabo during the 1929 grid season. Victories over Wisconsin, Michigan, Iowa, and Ohio State gave the Illini a clear record in conference competition, while they suffered their only defeat at the hands of the Western Reserves of Kalamazoo, Mich., in the first game. This was the second year of Reserve competition for Illinois, and proved successful in that a great many more football candidates had an opportunity to show their worth, and it gave younger members of the squad a chance to

gain experience that they will use on the Varsity squad next season.

"Chuck" Hall, letterman from the 1928 eleven, was the outstanding ground-gainer for the Reserves, while Carl Bergeson and Art Schultz used their line-plunging tactics for consistent yardage. Other Reserves who performed in the backfield were: Antonides, Frost, Van Dyke, Etnyre, Munch, and Irwin. McGrath captained the 1929 pigskin chasers from his tackle position. The remainder of the line was chosen from Winsper, Hinton, Riessen, Huenergardt, Smith, Garner, Langhorst, Nusspickel, Bailey, Magierski, Hise, and Ovelman.

## Freshman Football

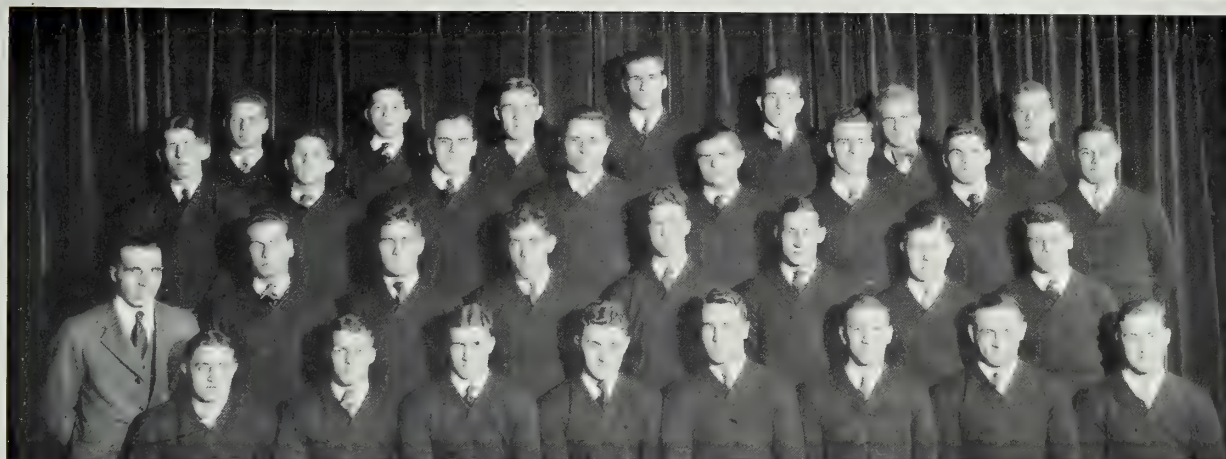

EVERY freshman who thinks he has any ability on the gridiron is given a fair chance to show his worth under the system used for the freshman football squad at Illinois. Out of more than 200 candidates who report every September, not one is cut from the roster.

After the capable staff of four plebe coaches has had ample time to look over the new and untried material, the squad is divided into two groups. Forty of the most promising men are named for the first team which scrimmages with the Varsity at various times during the season. The remaining men form the Junior League which

is divided into teams which compete against each other until the final weeks of November.

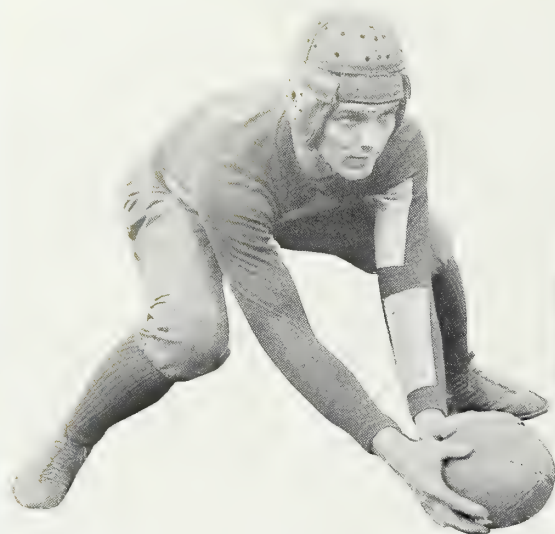

The most outstanding men from the first team and members of the eleven winning the championship in the junior league are awarded class numerals at the close of the season. Carl Voyles directs the first freshman as head plebe coach, and guides them in their conquests which entail hard knocks and bruises against the bigger and heavier Varsity team. Assisting him are Arnold von Lehsten and Leonard Umnus, both graduates of Illinois. Morris Sogolow has charge of the freshman junior league which was instituted three years ago.

OPENING the 1930 football season with an impressive 26 to 0 victory over the University of Kansas, the Illini gridmen displayed sufficient evidence of power and superior generalship to make them a real threat in the battle for a third successive Big Ten crown. The Zupmen had the Jayhawks at their mercy for the first three quarters during which time Yanuskus, Robinson, Evans, and Root scored touchdowns. Frosty Peters romped through the Kansas eleven for a 50-yard dash in addition to doing an almost perfect job of directing his squad from the quarterback position. Root's 37-yard jaunt for a touchdown, heavy line bombardment by Jud Timm and Fritz Humbert, and "Gaga" Mills' successful passing all stood out as instrumental performances resulting in the opening triumph for the Illini.

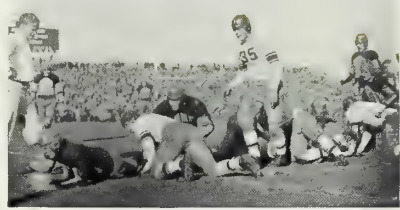

A crushing 45 to 0 triumph over Bradley Polytechnic Institute marked Illinois' final preparation for the conference season. Zuppke's charges had the Little Nineteen champions baffled from the start, driving through their line and around their ends with little trouble. Yanuskus and Root again came in for their share of the glory, each crashing over the goal line on two occasions. Jolley, Timm and Lanum also broke into the scoring column with touchdowns.

Illinois	7	Illinois	0

**S**TUNNED by a miraculous 78-yard sprint by Capt. Bill Glassgow in the first play of the game, the Illini gridmen splashed through the Iowa defense for only one touchdown themselves to tie the Hawkeyes, 7 to 7, in the first Big Ten combat at Iowa City. A driving rain throughout the tussle prevented either eleven from using its aerial attack.

Illinois' touchdown came as a result of Mills' deceptive 16-yard run early in the second period. Frosty Peters' trusty toe drop-kicked the goal that saved the Illini from defeat. Line smashes and end runs by Timm and Yanuskus paved the way for Illinois' only score.

Northwestern definitely blotted out all hopes for an Illinois title two weeks later by playing the Zupmen to a standstill while their fullback, Russ Bergherm, was tearing the Illini line into shreds for a 7 to 0 victory at Evanston. Zuppke's forwards were not performing up to their usual standard against the Wildcats. Unable to pierce the powerful Northwestern line, Illinois resorted to passing, but this was also unsuccessful. Aerial plays brought the ball to the Wildcat 27-yard line in the final period, only to be stopped by the sterling defense of Coach Hanley's eleven. Injuries proved a great handicap for the Illini with Frosty Peters and Fritz Humbert watching the game from the bench.

## Illinois 14 Michigan 0

**C**ONCENTRATING their attack on a third quarter packed with thrills, Zuppke's football warriors gave a Homecoming throng of 50,000 persons an excuse to celebrate with a 14 to 0 triumph over Coach Harry Kipke's Michigan eleven.

"Gaga" Mills started the fireworks by catching Simrall's punt and crashing through the entire Wolverine lineup for 63 yards and a touchdown in the middle of the third period. A moment later Frankie Walker intercepted Truskowski's long pass and galloped 52 yards toward the Michigan goal before being downed. Line thrusts by Timm and Humbert placed the oval on the one yard line. After a penalty, Walker raced wide around left end for the second touchdown.

Four times during the first quarter, Illinois placed the ball within scoring distance, but Mills missed his place-kick on every occasion. In the third quarter, the Illini played like champions, and with a comfortable lead stowed away, Zuppke sent in a horde of substitutes to perform during the final period.

With Frosty Peters on the bench nursing a cracked rib, Mills showed that he could handle the quarterback position in great fashion. The Illini line, led by Capt. Crane, Wietz, Gordon, and Burdick, held like a stone wall, checking the Wolverine bombarding attack with regularity.

## Illinois 17 Army 7

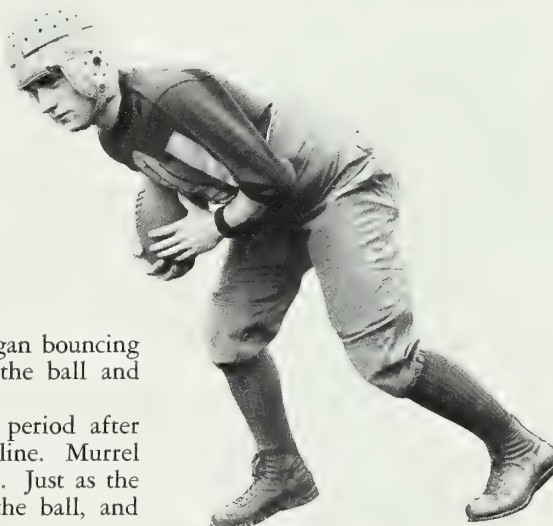

**I**LLINOIS beats the Army, 17 to 7.

If Illinois hadn't won another game the 1929 gridiron would have been a huge success after whipping the West Point cadets before a record-breaking crowd of 69,000 persons on November 9 in the Memorial Stadium. Upsetting all advance dope and playing like madmen all the way, Coach Zuppke's alert, well-oiled football machine rose to superior heights to crush Capt. Cagle's forces in the most spectacular battle of the season.

"Gaga" Mills was first to break into the scoring column when he sent a beautiful place-kick between the uprights from Army's 23-yard mark. In the second quarter after a 57-yard Illinois drive had been stopped three yards short of a touchdown, Murrel, Army fullback, booted a freak kick that came down on the Army 20-yard line and began bouncing toward the goal. At this point Eddie Kawal dashed in to scoop up the ball and race eight yards for Illinois' first touchdown.

Arnie Wolgast took advantage of the second "break" in the same period after Cagle's long, accurate passes had carried the oval to Illinois' 16-yard line. Murrel started around right end, and attempted to throw a lateral pass to Cagle. Just as the ball left Murrel's hands, Wolgast dived between the cadets, grabbed the ball, and scampered 80 yards for another touchdown with Murrel at his heels.

Cagle's ever-dangerous passes netted the Army a score in the third period, but it was too late. Everyone of Zuppke's Illini had played like supermen, had played heads-up ball, and had whipped their most deadly rival of the season.

## Illinois 20 Chicago 6

Peters

CHICAGO fell before the siege-gun attack of the Illinois gridmen by a 20 to 6 margin in the final home game of the season before a Dads day crowd of 25,000. While the seniors were making their last stand in the Memorial Stadium, it was the juniors and sophomores who spelled defeat for Alonzo Stagg and his Midway eleven. Pete Robinson plunged his way through the Chicago forward wall for touchdowns in the second and third quarters, and Pete Yanuskus followed suit by catching one of Peters' short passes to cross the goal line a few minutes later.

Directed by his son, Paul, Coach Stagg's team specialized in forward passing all afternoon. Wattenberg attempted all kinds of aerial plays and was successful in 14 out of 25 tries for a total gain of 148 yards and a touchdown.

Capt. Russ Crane and Lou Gordon put up some of the best defensive and offensive line play they had shown all year, and were well supported by Steinman, Wietz, Kawal, Burdick, and Wolgast. The Maroons, noted for their powerful line plunging attack, made little progress against the Illini forward wall.

"Fuzzy" Evans, one of Zuppke's fleet sophomore backs, was given his chance and averaged five and one-half yards on every attempt. Root and Schultz, also sophomores, likewise carried the ball in capable fashion.

## Illinois 27 Ohio 0

COMING into their own in the final battle of the 1929 gridiron season at Columbus, O., Coach Zuppke's twice-champion eleven romped all over Ohio State to capture an easy 27 to 0 victory and clinch second place in the Big Ten standings. Toiling under the almost perfect generalship of Frosty Peters, the Illini performed like a machine with the line and backfield co-ordinating and playing heads-up ball until the final gun.

Illinois scored in every quarter, and ran up a total of 25 first downs. Zup inserted one substitute after another and all plowed through the Buckeyes with equal facility.

Peters elected himself to the hall of fame by completing the first nine passes, and a total of 10 out of 13. Art Schultz, the Geneseo sophomore, stood out as the leading ball carrier, playing the leading role in working the ball down the field for the first touchdown, and scoring the fourth himself.

Mills counted the first score after Schultz and Walker had put the ball within striking distance in the first period. The second quarter saw Yanuskus nab a long pass from Peters to let Robinson plunge over the chalk-line for the next score. Another pass, Peters to Yanuskus, resulted in the third tally after the second half had opened, and in the final period, Peters' passes led to a 62-yard march which let Schultz rip through for the last touchdown.

## Varsity Basketball

COACH Craig Ruby's Illini finished the 1930 basketball campaign in a tie for fourth place on the Big Ten ladder with seven victories and five defeats. With Capt. Doug Mills, highest scoring guard in the conference in 1929, three other lettermen, and a capable squad of sophomores showing up for the cage squad, Ruby's prospects for a successful season were good. However, Capt. Mills' illness at the opening of the season handicapped the team for a short time. "Horse" May, 6 foot 4 inch center, was lost for both of the Chicago games on account of ineligibility and an injury, and "Bur" Harper's injury kept him out of the last two contests of the season.

With Harper at one forward post, May at center, and Mills at guard, Ruby completed his lineup by inserting "Babe" Kamp at the other forward and Eddie Kawal at the other guard position.

The Illini had a hard time getting started in their long campaign, dropping three out of the four non-conference tilts. They came back, however, and captured the first two Big Ten engagements, and during mid-season walloped Northwestern, Minnesota, and Ohio State in succession. Following this successful drive, the Illinois quintet bowed to three of its four adversaries to close the season in a tie with Indiana for fourth place.

## Varsity Basketball

**A** PROMISING but inexperienced Illinois basketball team failed to keep up with the pace set by Bradley Polytechnic Institute in the first battle of the season, and bowed by a 30 to 22 count. Three sophomores, Eddie Kawal, "Babe" Kamp, and Bob Kamp, started their first intercollegiate cage contest, and before the final gun four more had their taste of big-time competition.

Babe Kamp

Profiting by the experience gained in the first encounter, the Illini next took Washington University of St. Louis into camp, playing a much improved brand of basketball to win, 30-19.

During the Christmas holidays two Indiana quintets, De Pauw and Butler, lived up to the reputation of Hoosier cage teams and trampled over the Illini by scores of 28-26 and 28-18, respectively.

After dropping three out of four non-conference frays, Ruby's charges opened the Big Ten season with a bang by disposing of Ohio State, 19-15, in the

New Gym, and a week later humbled the 1929 title-winning Michigan forces by a 24 to 18 margin. Minus the services of Capt. Mills, whose illness forced him to go to the hospital, the Illini put up a defense that the Buckeyes couldn't match, and goals by Kawal and "Babe" Kamp kept Illinois in the lead from the start. Mills returned to the lineup for the Wolverine invasion and turned in two field goals to swell the Illini total.

Wisconsin beat Ruby's five, 14 to 9, at Madison in the third conference scrap when Coach Meanwell's Badgers proved that they could stall more perfectly than the Illini.

Ruby's hopefuls pulled themselves to third place in the Big Ten standings by downing Chicago, 28 to 25, in an ordinary game in the New Gym. It was the nearest the Maroons had come to winning a game so far, but the Illini had little trouble with Harper, Mills, and Bartholomew each looping three baskets.

## Varsity Basketball

THE lowly Minnesota five caught the Illini un-awares in the following tussle at Minneapolis to win, 26 to 21. It was one of the hardest fought games of the season, and was marked by stellar play on the part of both teams.

Illinois put up its best exhibition of basketball so far to reconquer third place by trouncing Northwestern, 30 to 24, in Patten gym on February 11. Eddie Kawal demonstrated the Illini stalling game to perfection by dribbling around the floor for fully two minutes in the final period.

Capt. Mills and his cagers gained revenge on the Gophers by sending them home with a 26-22 defeat in the next encounter. "Babe" Kamp, the sophomore star from Mt. Carmel, next put in

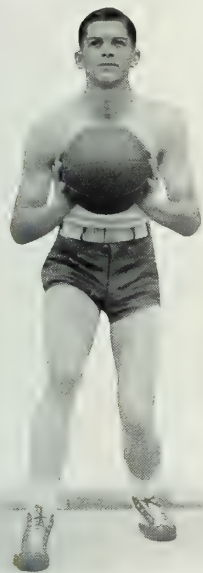

his bid for fame by leading the Illini to a 26-16 win over Ohio State with five goals from the field. Illinois' well-known "horseshoe" defense held the Buckeyes without a single field goal in the second-half.

Led by "Gaga" Mills, who looped in seven of the

most amazing long shots ever seen in the New Gym, Illinois dropped a thrilling, heart-breaking battle to Northwestern in the closing minutes of play, 34 to 32. It was a tough game for the Illini to lose, for they had led, 10 to 1, early in the first half.

The Rubymen had an off night when they met Wisconsin at the New Gym, going down to defeat by a 23 to 17 margin. None of the Illini could hit the basket until the last quarter, when a rally was too late to overcome the almost perfect, machine-like, short pass offense of the Badgers.

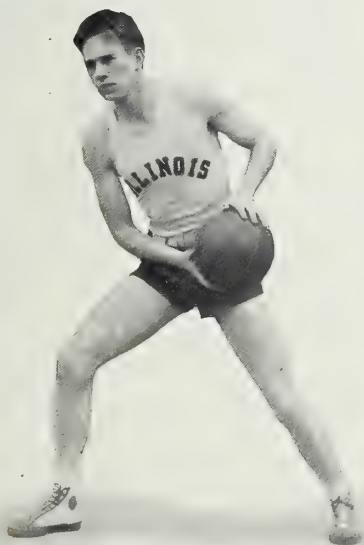

Illinois had little trouble vanquishing Michigan in the next battle, 30 to 17, on the home floor with "Bur" Harper watching the game from the sidelines. Kawal and "Babe" Kamp each dropped in four baskets against a weak Wolverine defense. Chicago, cellar champions of the conference, rose to its highest form to defeat the Rubymen, 35-22, in the final contest of the season at Chicago.

A THIRD consecutive Big Ten outdoor track championship was the achievement of Coach Harry Gill's Illinois cindermen in 1929. With this enviable record to his credit, Coach Gill took a leave of absence during the 1929-30 school year, leaving the destinies of the Illinois track team in the hands of C. D. "Chick" Werner, then assistant coach and former Illini track captain. Werner piloted his 1930 indoor cinder squad to second place in the conference meet at Minneapolis. Developing a four-mile relay team that shattered another national record at the Texas relays, and a sprint relay team that romped home with victories at the Texas, Southern Methodist, Kansas, Drake, and Ohio relays, Harry Gill presented a track team that was rivaled by none. In addition to his almost unbeatable relay quartets, he had Dave Abbott, national two-mile champion for two successive years, who was always good for a first place. McDermont in the pole vault, Sentman in the hurdles, and Carr in the high jump also rated among Gill's most dependable point-gatherers. Under "Chick" Werner, Lee Sentman twice shattered the world's 75-yard high hurdles record by lowering it to 9.2 seconds in the Illinois Relay Carnival.

1929 Outdoor Conference Meet

V. McDERMONT  
Captain, 1930

PLACING in nine events with three first places, six seconds, and four thirds, Coach Harry Gill's Illinois track team captured the Western conference outdoor track and field championship for the third successive year on May 25 at Evanston. The well-balanced Illini cinder squad finished at the top of the Big Ten heap with a margin of 12 points, scoring  $51\frac{1}{2}$  tallies, while Ohio State, the nearest competitor, was running up  $39\frac{1}{2}$ .

Dave Abbott romped off with Illinois' only undisputed first place in the two-mile race, traversing the distance in 9:33. McDermont soared 13 feet, 7 inches in the pole vault to tie Tommy Warne, Northwestern ace, and set a new conference record. Bob Carr went into a triple tie in the high jump by leaping an even six feet. Sentman and Rodgers finished just behind Rockaway of Ohio State in the 120-yard high hurdles, while Orlovich and Capt. White grabbed a second and third in the half-mile stretch.

In shattering the world's 220-yard low hurdles record, Rockaway was hard pressed by Cave, Sentman, and Burkhart in establishing the remarkably low time of :22.8. Other Illinois point-gatherers included Chambers with a second in the javelin throw and Harper with a third in the pole vault.

1930 Indoor Season

**L**ED by Lee Sentman, who established a new world's record in the 70-yard high hurdles, Coach "Chick" Werner's Illini track team finished in second place at the 1930 indoor track and field title meet at Minneapolis. Illinois ran up a total of 18 points, exceeded only by Wisconsin with 21. Injuries, off days, and elimination of the broad jump on the eve of the meet prevented Illinois from grabbing another championship on the cinder path.

Werner's high jumpers and pole vaulters all experienced off days in the title scrap. Carr was unable to leap higher than 6 feet, giving him second in the high jump, while Tom Miller's limit was an inch lower to tie him for third position. Capt. Verne McDermont and Morrison tied for third in the pole vault, soaring 12 feet, 8½ inches, four inches below McDermont's usual height.

Keith Hampton was leading the pack of quarter-milers half a lap before the finish when he pulled a muscle and coasted in behind Henke of Wisconsin for second place. Bob Rodgers added to the Illini total by taking a fourth in the 70-yard high hurdles, and the Illini mile relay quartet barely lost to the Badgers in a race for fourth place. Joe Makeever, captain of the Illinois cross country team in 1929, contributed two more tallies in the mile run, finishing behind Leas of Indiana and Follows of Wisconsin.

George Simpson, Ohio State's "world's fastest human," lived up to his name by covering the 60-yard dash event in 6.2 seconds to tie the world's record.

**C**OACH HARRY GILL triumphantly opened the outdoor track season when his nationally-famous four-mile relay team established a new world's record, and the quarter and half mile relay quartets set meet records under a blazing sun at the Texas relays.

The Orlovich-White-Stine-Abbott combination raced to victory in 17 minutes, 40.2 seconds, breaking the mark established by the Illinois squad in 1922. Timm, Burkhart, Cave, and Paterson formed the invincible sprint relay outfit that returned to the campus laden with gold watches.

On the following day, the Illini cinder delegation continued its winning ways at the Southern Methodist University relays, with victories in the quarter, half, and two-mile relays, Abbott's triumph in the 3,000-meter run, and Sentman's winning dash in the 220-yard low hurdles. McDermont and Harper heaped further laurels on the Illini squad by tying for second in the pole vault at 13 feet.

The Kansas relays on April 21 saw the half, quarter, and four-mile relay quartets again setting the pace, while Sentman was leaping to fame in the high hurdles and Carr tying for first in the high jump. Rodgers conceded Allison of Iowa a second in the high timber event, and Frank Simon leaped to runner-up position in the broad jump. Warne of Northwestern and Otterness of Minnesota eclipsed Illinois in the pole vault, so McDermont and Harper had to be content to tie for third place. The two-mile relay quarter had an off day, coming in behind Chicago, Missouri, Iowa, and Kansas.

**F**OUR RELAY TEAMS, the quarter, distance medley, four-mile, and shuttle hurdles quartets, dashed to victory on April 27 to give Illinois major honors in the annual Drake relays. The half-mile squad was the only one suffering defeat, finishing behind Iowa, Michigan, and Nebraska.

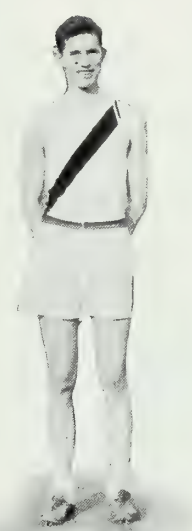

Despite a driving rain throughout the meet, the Illini distance medley team, composed of Orlovich, White, Stine, and Abbott, shattered the former Drake relay record by half a second, completing the laps in 10:24. Surpassed only by Otterness, the Gopher ace, McDermont and Harper went into a draw for second place in the pole vault by soaring 12 feet, 6 inches.

Fighting against rain and mud for the third consecutive weekend, the flashing Illinois sprint quartet led Gill's cindermen to more glory a week later in the Ohio relays by setting a new intercollegiate record of 41.5 seconds in the 440-yard baton event. Living up to expectations, the four-mile relay squad romped off with another win, while Lee Sentman and Bob Carr were topping the field in the 220-yard low hurdles and high jump, respectively.

Verne McDermont soared 13 feet,  $4\frac{7}{8}$  inches to annex a second in the pole vault and George Bertelsman contributed to the team's total with a fourth in the broad jump. Both the shuttle hurdles and medley relay teams finished in second place.

**B**ECKONING their spikes to the powerful Iowa track team that had defeated them for the conference indoor championship, the Illini grabbed their first dual meet victory on May 11 at Iowa City by trouncing Coach Bresnahan's squad, 77 to 58.

First places by Timm in the 100-yard dash, Orlovich in the half mile, Abbott in the mile, Tockstein in the two mile, Rodgers in the low hurdles, Sentman in the high hurdles, and Chambers in the javelin throw were instrumental in giving the Illini the edge that was strengthened by a bountiful supply of second and third places.

Gordy Harper and Verne McDermont were nosed out by Canby of Iowa for supremacy in the pole vault, while Bob Carr and Frank Simon had to be content with seconds in the high and broad jump events. Slow times were recorded in the track events due to a five-hour downpour of rain that preceded the meet.

Michigan provided somewhat stiffer opposition in the Interscholastic program, falling before Coach Harry Gill's athletes by a 73 to 62 margin. A closing rush in the final events spelled victory for the Illini to give them a clear dual meet record for the season.

**D**UAL MEET competition proved disastrous for the Illini indoor track squad which had the misfortune to drop the first to Notre Dame, 63 to 32, and the second to Ohio State by the close margin of 46 to 40. It marked the first time a Notre Dame cinder team had defeated the Illini.

Ernie Useman opened the Irish encounter in great fashion by copping the 60-yard dash, but the Illini were unable to hold the lead. Rodgers in the high hurdles and Evans in the mile were both beaten by two Notre Dame men, giving the Illini third place in each event. Capt. McDermont showed his old form by vaulting 13 feet,  $\frac{4}{8}$  inches to win another five points.

Other first places went to Makeever in the two-mile, Sentman in the broad jump, and Carr in the high jump.

Werner's cindermen fought an uphill battle only to lose to Ohio State in the final event in a dual meet on February 22 in the Armory. With Ohio holding a 41-40 edge, Keith Hampton, Illini anchor man, barely lost to Strother of Ohio in the last lap of the mile relay to give the Buckeyes a victory.

Lee Sentman, the greatest hurdler the world has ever known, equaled the world's record of 9.4 seconds in the 75-yard hurdles.

WITH JOE MAKEEVER, a letterman from several years past, as the only foundation for the squad, the 1929 Illinois cross country season proved somewhat disastrous to Assistant Coach Dave Abbott who was experiencing his first months as "Chick" Werner's successor. Illinois placed ninth in the Big Ten meet on November 22 at Columbus.

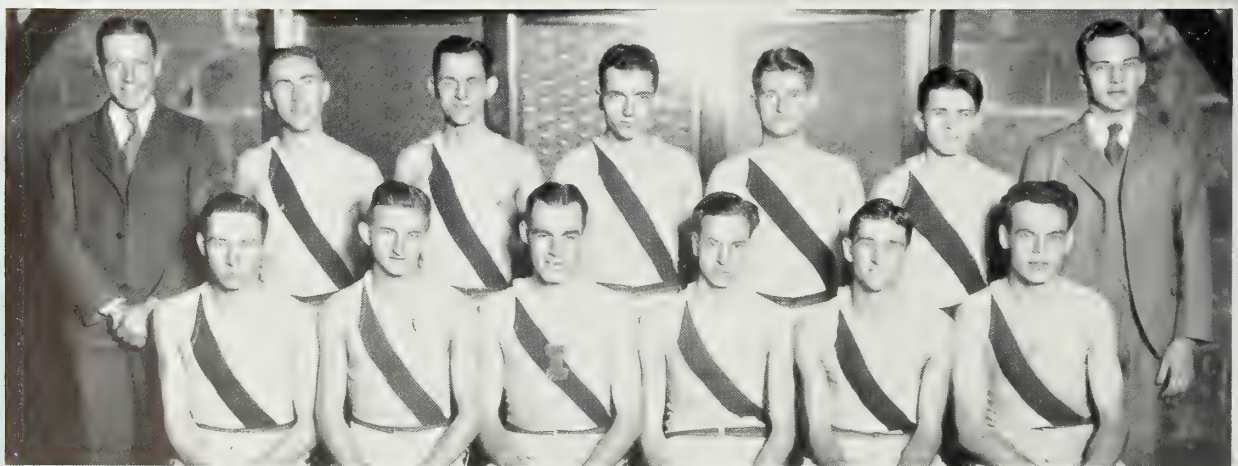

Abbott's harriers opened the campaign by taking fourth place in a quadrangular meet with Wisconsin, Notre Dame, and Northwestern at Evanston. Stalnaker was forced from the race with an injury, and Roberts, a sophomore, was the first Illini to finish. Evans, Denekas, Tockstein, and Fuerman trailed Roberts in the hill and dale race.

Following a mediocre showing against Michigan and Ohio State in a triangular meet on November 9, the Illini harriers were barely nosed out by Chicago, 26 to 29, here two weeks later. Dale Letts, Maroon stellar distance man, was the big reason for the Illini defeat when he jogged over the five-mile course in 26 minutes, 49.5 seconds. Close behind him came Kelly, another Maroon harrier, who beat out Capt. Makeever of Illinois by a narrow margin. Evans trailed Makeever while Tockstein copped sixth position, Stalnaker, seventh, and Eckert, ninth. Letts opened the long race by taking the lead and was never headed. All of the runners were somewhat handicapped by the clinging clay-like mud which helped to slow their times.

## Relay Carnival

**T**WO WORLD'S and five Carnival records fell by the wayside when a record-breaking throng of nearly 900 athletes from 84 universities, colleges, and high schools all over the nation staged an assault on existing track and field marks in the thirteenth annual Illinois Indoor Relay Carnival on March 15 in the Armory.

Chief among the day's record-breakers was Lee Sentman, the versatile Illini athlete, who twice shattered the world's standard in the 75-yard high hurdles. Sentman lowered the mark from 9.4 to 9.3 seconds in the afternoon preliminaries, and increased his speed in the semi-final and final races to again crack the recognized mark by covering the high barriers in 9.2. Not satisfied with shaving a world's mark twice in one day, Sentman stepped out to capture the 75-yard low hurdles event a few minutes later.

Barney Berlinger, University of Pennsylvania athlete, won the all-around event in the afternoon for the second straight year by scoring 6,058.5 points, just  $11\frac{1}{2}$  points short of the record-breaking number he gathered in 1929. Utterback of Pittsburgh placed second with 5,041 points, while "Bu" Harper of Illinois was third with 4,921.

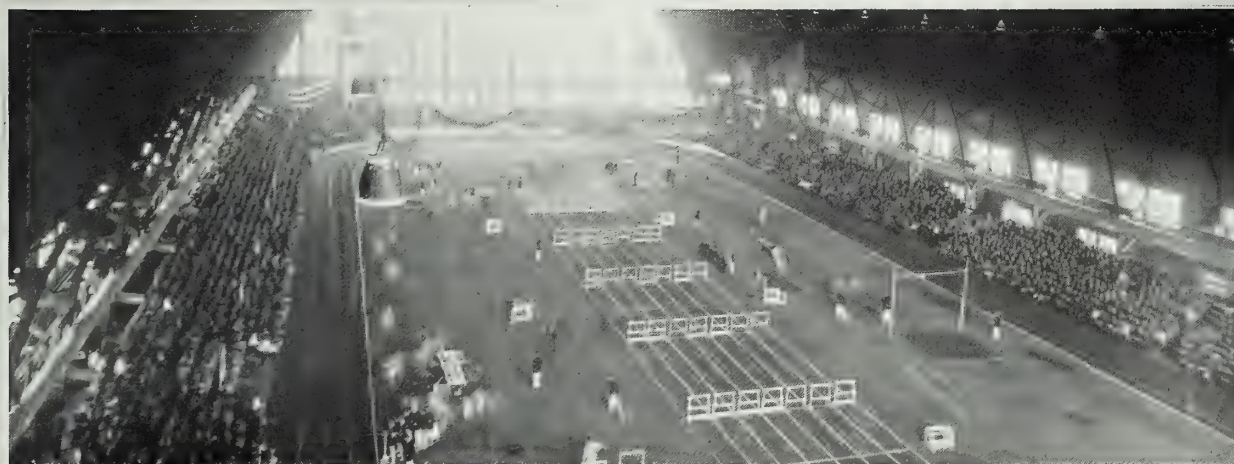

New Carnival records established were in the college medley relay by Michigan State Normal in 10:41; 1,500 meters run by Putnam of Iowa in 4:00.4; 1,000-yard run by Martin of Purdue in 2:16.4; four-mile university relay by Pennsylvania in 17:50.5, breaking the old Illinois record of 17:53.3 set in 1929; and the one-mile university relay by Missouri in 3:22.9.

**F**OURTH place in the Big Ten with six victories and five defeats—such was the record achieved by the 1929 Illinois baseball team under the coaching of Carl L. Lundgren. Nine lettermen reported to the Illini mentor at the beginning of the season to give the squad hopes of a second championship in three years. Following the long period of training in the Armory and on Illinois field, Lundgren took 15 of the most promising players on the Southern trip.

Capt. Andrews, slated to do most of the pitching, was troubled with a sore arm during the conference campaign and was capably relieved by Bower and Meyer. Kusinski, captain of the 1927 nine, worked behind the plate, as did Snyder, also a letterman. With Shaw temporarily injured, Coach Lundgren's infield was composed of Williams at first, Brown at second, Rosenthal or Yule at shortstop, and Captain-elect Lympelopoulos at third. Engvall saw some service on the first sack, as did Tommy Rickman, the diamond comedian.

O'Grady was back in left field a great part of the season, although Dorn handled that position several games after recovering from his injury. Witte, a sophomore, earned his letter in center field, breaking into most of the important battles. Walker again proved himself one of the best ball-hawks on the squad with his work in right field.

LEAVING behind them weeks of hard training in the Armory and on Illinois field, fifteen happy Illini ball players, accompanied by Coach Carl Lundgren, entered the Southland on March 29 to open their annual Southern invasion. The Illinois baseball roster included five pitchers, two catchers, six infielders, and three outfielders, all of whom had shown great promise in the early workouts.

Capt. Andrews and his nine opened the season with a close 4 to 3 victory over Millsaps at Jackson, Miss. The triumph proved a costly one when Ernie Dorn injured his ankle and was kept out of the lineup for several weeks. Don Brown came through with the first home run of the campaign while Walker was smashing out a double and a single.

The following day saw the Illini again on the heavy end of the score, the Millsaps bowing, 8 to 7, with Lymperopoulos, Walker, and O'Grady providing the batting punch. Two tie games with Mississippi A. & M. came next in line with Lundgren's pitchers weakening under the Aggies' murder's row.

JOURNEYING to Tuscaloosa, Ala., for the fifth battle of the trip, Illinois played its third tie contest, this time with the University of Alabama. Eddie Shaw broke his ankle in this fray to handicap the Illini infield for the next six weeks. Base-hits were lacking on both sides, Illinois collecting only three to earn a 3 to 3 tie in 10 frames. Alabama came from behind to smother the Lundyman, 14 to 10, in the following game marked by 11 Illini errors.

Allowing Louisiana State seven hits and four runs, Tom Desmond hurled his outfit to a 7 to 4 win the next day at Baton Rouge, La. Don Brown and Jimmy Lymperopoulos each contributed three blows, one of Brown's going for a home run with two on base in the opening stanza.

Illinois suffered a 9 to 6 defeat in the final battle in the South, succumbing to Louisiana State with Capt. Andrews and Jerry Mueller on the mound. During the eight games, Coach Lundgren's squad had battled Southern teams for a percentage of .600 with three victories, two defeats, and three ties.

**R**ETURNING from a successful Southern invasion, the Illini baseball team opened its home season by tying Bradley, 2 to 2, in a two-inning game interrupted by rain on Illinois field. Two days later Capt. Andrews hurled the Lundymen to a 3 to 1 victory in ten innings in the opening Big Ten conflict with the Hawkeyes at Iowa City. Jimmy Lymperopoulos, "Tillie" Walker, and Don Brown provided the batting punch to drive the winning tallies across the plate in the tenth.

Illini batsmen took advantage of an opportunity to sharpen their batting eyes in the next

encounter when they slugged out a 21 to 4 triumph over the Butler nine. In the second conference battle of the season, Paul Stewart, former assistant to Coach Lundgren, brought his Northwestern ball team to Champaign, and took the Illini by surprise, downing them, 3 to 1. On a return trip to Evanston, Stewart's warriors again baffled Illinois at the plate, and the score was again 3 to 1.

The following week-end saw Illinois at Columbus, defeating Ohio State, 6 to 2, with Don Andrews again doing mound duty. Walker and O'Grady led the sluggers with two blows apiece.

IOWA was the next victim of the Illini siege-gun attack, this time succumbing by a 5 to 0 margin, with Len Bower zipping them across the plate.

Unable to hold their scant one-run lead, Coach Lundgren's nine went down to a third Big Ten defeat when Wisconsin scored two in the sixth frame at Illinois field. Bower was in rare form on the mound, but his brace of errors was largely responsible for the margin which eventually spelled defeat by a 2 to 1 count.

Free hitting and ragged fielding by both teams

marked Illinois' next victory at Purdue, where four hurlers managed to hold the Boilermakers to eight runs while the Illini were gathering 11. Jack O'Grady and Milt Williams slammed out triples, and Jack Snyder a double to help drive in runs. Michigan continued its winning ways over Illini ball teams when McAfee's masterful pitching subdued the Lundymen, 5 to 1, in the following game at Ann Arbor. Capt. Andrews hurled brilliantly during the opening frames, but the Wolverines finally touched him for eight safeties to continue their leadership in the conference race.

## Varsity Baseball

**M**EIJI UNIVERSITY of Japan, foes of the Illini on their invasion of the Orient a year before, was the next team to face Lundgren's nine. Masterful twirling by Ossie Meyer kept the Japanese hits scattered to give Illinois an easy 9 to 3 advantage. The Meiji midgets displayed great form on the diamond, but seemed to have suffered from too much baseball while meeting so many college teams on successive days.

Notre Dame invaded Illinois Field for a non-conference game, only to be shut out by a 9 to 0

score. Ossie Meyer's airtight pitching, five Irish errors, and the stick work of Walker and Dorn all were responsible for the one-sided outcome.

Journeying to Madison, the Illini regained their form to slam out an 8 to 4 conquest over the Badgers. Len Bower held the Cardinals to five blows while his teammates were gathering 15 of Farber and Ellerman. Walker and Dorn led the batting spree with three hits apiece, while Williams and Lymporopoulos were not far behind with two each.

## Varsity Baseball

**M**CREYNOLDS had the Illini guessing all the way in the following contest, so Purdue nosed out the Lundymen, 2 to 1, in an evenly matched hurling duel. The Purdue moundsman won his own game off Len Bower in the ninth when he punched out the single that meant victory.

The most exciting combat of the year closed the season when the Illini captured a 3 to 2 triumph over Michigan in 13 innings. Jack Yule's triple in the thirteenth saved the day, but Walker, Eng-

vall, and Lympelopoulos also did their share to beat the tall, rangy Asbeck and knock Michigan out of the Big Ten lead.

This contest was by far the most hard fought battle of the season, with the score remaining tied from the seventh until the thirteenth inning. Victory not only established the Illini in fourth place in the Big Ten standings, but represented the first time that the Lundymen had defeated the Wolverines in two years of diamond competition.

## Varsity Wrestling

ANOTHER Big Ten championship for Illinois was the reward for "Hek" Kenney's second season's work as head coach of the Illini wrestling squad. Kenney's grapplers barely nosed out Indiana, winners of the Eastern division of the conference, by a 16 to 12 count, for the undisputed title on March 8. Burdick and Sapura pinned their Hoosier opponents and Capt. Allie Morrison and Bauerle scored decisions while the Indiana matmen were checking up four decisions over the Illini.

Three of these wrestlers heaped more honors on themselves a week later by winning conference individual championships in the New Gym. Burdick, Bauerle, and Sapura rode through all opposition to Big Ten titles, while Tonkoff captured third place in the 175-pound class.

Allie Morrison, Olympic champion in the 135-

pound division, maintained his record of a victory every bout since his sophomore year in high school. In addition, Allie was never on the bottom in any match during his collegiate career. Joe Sapura, in the 115-pound division; "Skeezix" Dooley and Lou Bauerle, 125 pounds; Morrison, 135 pounds; Gradman, 145 pounds; Echternacht, 155 pounds; Russ Crane, 165 pounds; Gene Tonkoff, 175 pounds, and "Shorty" Burdick, heavyweight, formed the line-up that swept aside all opposition for Illinois' eighth Big Ten flag in 11 years.

## Varsity Soccer

COACH HARTLEY PRICE guided his 1929 Illinois soccer team through an even more successful season than in 1928 by not only winning his second consecutive Big Ten championship but the Western title as well. This represented the third season for soccer at Illinois, and the sport is now well-established on the campus with an increasing number of candidates reporting every year.

The Illini were able to schedule but three games, and two of them resulted in shutouts. Tackling the strong Ohio State eleven here November 9, Price's charges took their opponents into camp by a score of 4 to 0. "Scotty" Reston opened the scoring with two goals early in the first quarter. Reynolds came in fast for another tally at the beginning of the second half, and

Walter followed up to score the final goal on a beautiful corner kick.

A return contest with the Buckeyes at Columbus, Ohio, saw Coach Price's booters travel through Ohio State for an easy 8 to 0 whitewash to successfully defend the conference title captured in 1928. Three goals by Capt. MacFadzean and additional counters by Reston, Reynolds, and Walter wrecked Ohio's hopes while their offensive attack was held powerless.

Journeying to Oberlin, Ohio, two days later, the Illini experienced the toughest game of the season, barely emerging with a 2 to 1 conquest over the Oberlin booters to grab the Western crown. Tom Reynolds stood out as the individual star of this encounter, rushing through for both of Illinois' markers.

## Varsity Tennis

COACH CAHN'S Illini tennis squad opened the 1929 conference season with a bang, whitewashing the Purdue netmen by a 9 to 0 count in the initial clash on April 24. Chicago's invasion a week later proved disastrous for the Illini racquet wielders who were forced to bow, 5 to 4, for their only dual meet defeat.

Singles victories by Eddie Shoaff, former Illinois captain, Captain-elect Topper, Traynor, and Bumgarner, and the invincible Traynor-Miller and Shoaff-Topper doubles pairings sent the Iowa tennis team to its Waterloo, 6 to 3, on May 6.

With Ohio State invading the local courts for the next encounter, Cahn's netmen swept the dou-

bles and dropped only one singles match to swamp the Buckeyes by an 8 to 1 count.

While not duplicating the 1928 singles performances of Tim O'Connell, Eddie Shoaff led his teammates in the Big Ten meet on May 23 and 24 at Columbus, Ohio, by fighting his way to the second day of play. He suffered defeat in this bracket from Rexinger of Chicago, 6-4, 6-3. Bergherm and Riel, Northwestern's aces on the net court as well as the gridiron and basketball floor, upset Shoaff and Topper in doubles, 6-4, 2-6, 6-3, and George Lott, Chicago's nationally famed star, downed Topper, 6-2, 6-2.

## Varsity Golf

**M**AKING his debut as Illinois Varsity golf coach, John Utley guided his golfers through a successful 1929 season, with three victories, two defeats, and one tie as his dual meet record. The Illini linksmen were not permitted to compete in the conference meet since the dates conflicted with final examinations.

Capt. Whyte's golfers staged a grand opening match on April 27 by crushing Purdue, 24-0, on the Urbana Country club course. Goldwater, Martin, Sutin, Wiley, and Lyon all turned in low scores against the Riveting rivals.

The following pair of matches saw Illinois go down to defeat, Michigan winning, 10½ to 7½,

and Northwestern grabbing honors at Evanston, 11½ to 6½. Smarting from these losses, Utley's squad outstroked the Chicago linksmen on May 13 by a 15 to 3 margin, with Dick Martin, Illinois' captain-elect and No. 1 man, dropping the only match to the Maroon leader.

Ohio State crumbled under the Illini attack in the next meet by a 13 to 5 score on May 18 to give Utley's golfers their third dual victory. Traveling to Iowa City for the final engagement, the Illini linksmen were not in their best form and had to be content with a 9 to 9 tie against the powerful Hawkeye squad.

## Varsity Swimming

J. R. KIEDING

**F**OURTH PLACE in the Big Ten and a victory in each of the six dual meets was the record achieved by Coach Edwin J. Manley's Illini Varsity swimmers in 1930. The 300-yard medley relay team and Capt. Ray Kieding in the 440-yard race grabbed third places in the conference meet which ended with Illinois trailing Northwestern, Michigan, and Minnesota, in the order named.

Block won fourth place in both dash events, as did Kieding in the 220-yard free style. The 160-yard sprint relay quartet finished behind Michigan, Wisconsin, and Northwestern to run the Illinois total to 11 points, just one point behind Minnesota.

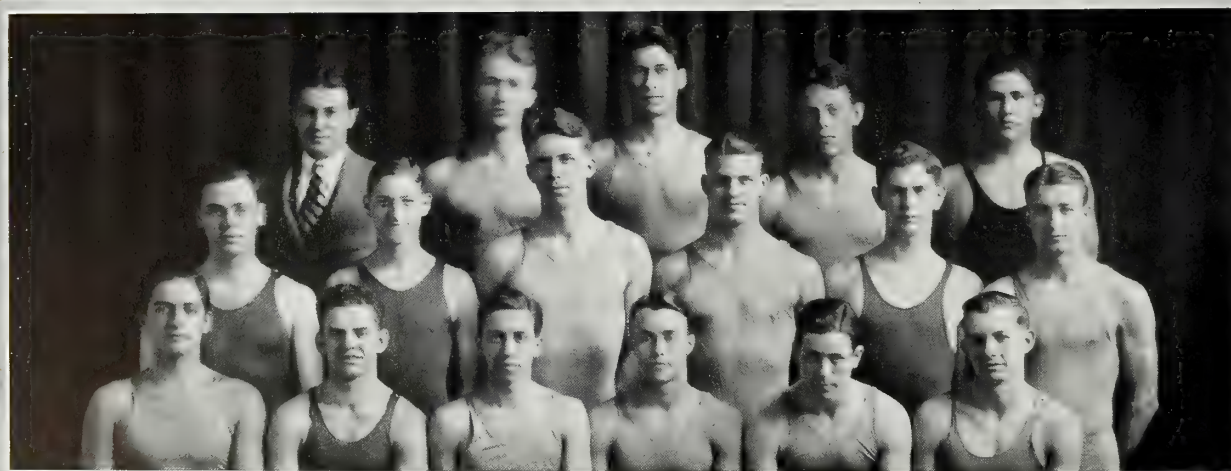

Corraling seven out of eight possible first places, the Manleymen swamped Purdue in the first dual meet by a count of 54 to 21. Five points were awarded to the 160-yard relay quartet com-

posed of Block, Pashby, Webster, and Kieding, Holbrook in the breast stroke, Kieding in the 440, Pashby in the back stroke, Webster in the 100-yard dash, Marshall in fancy diving, and the medley relay team of Pashby, Cady, and Williamson.

Manley's tankmen showed up even better in the next encounter with Indiana, sinking the Hoosiers, 56 to 19, at the New Gym pool. George Webster, Illini dash ace, clipped three-fifths of a second from the Illinois 100-yard free style record by churning the water in :56.2. Bartholomew then shattered the Illinois mark for the 150-yard back stroke by covering the distance in 1:48.2.

The next week saw the Illini journeying to Ohio to conquer the University of Cincinnati natators, 51 to 24, with Schroeder, Lockwood, Kieding, Bartholomew, Webster, and both relay teams taking first places. Minnesota next visited the Illini pool, only to return with a 42 to 33 defeat. Block, Kieding, Webster, and Lockwood splashed to a new Illinois record in the 200-yard relay race.

Manley's mermen had a much easier time the following week, invading the Chicago tank for a 58 to 17 triumph with Schroeder, Block, Kieding, and Marshall winning firsts. Illinois completed its third undefeated year in dual meets by nosing out Wisconsin by the close margin of 38 to 37 at Madison.

## Varsity Water Polo

**A**LTHOUGH failing to annex their third straight conference championship, the 1930 Illinois water polo team closed the season successfully with three wins and one loss. Coach Edwin J. Manley guided a veteran team through the four battles, but could not check the attack of the crafty Chicago seven which defeated the Illini by a 13 to 3 score.

Capt. Fritz Schroeder led the poloists from the center back position and topped the list of scorers in practically every meet. Manley used Harry Stout, Earl Wagner, and George Webster, captain of the 1929 squad, at forwards, and Ray Kieding, George Barry, and Wallk at guards during the greater part of the campaign.

The Illini tank team pried the lid off the 1930 season by sinking Purdue under an 8 to 1 landslide. Two goals in the first three minutes of play gave Illinois a lead that was never relinquished, and by half time they had flipped the ball into the net for three more counters.

Manley's seven had a much easier time with the Indiana squad when the Hoosiers invaded the New Gym pool only to receive a 14 to 1 drubbing. Capt. Schroeder led his team's scoring as well as handling the ball in great fashion.

The next week saw the Illini scrapping with the fast Chicago poloists at the Midway. The

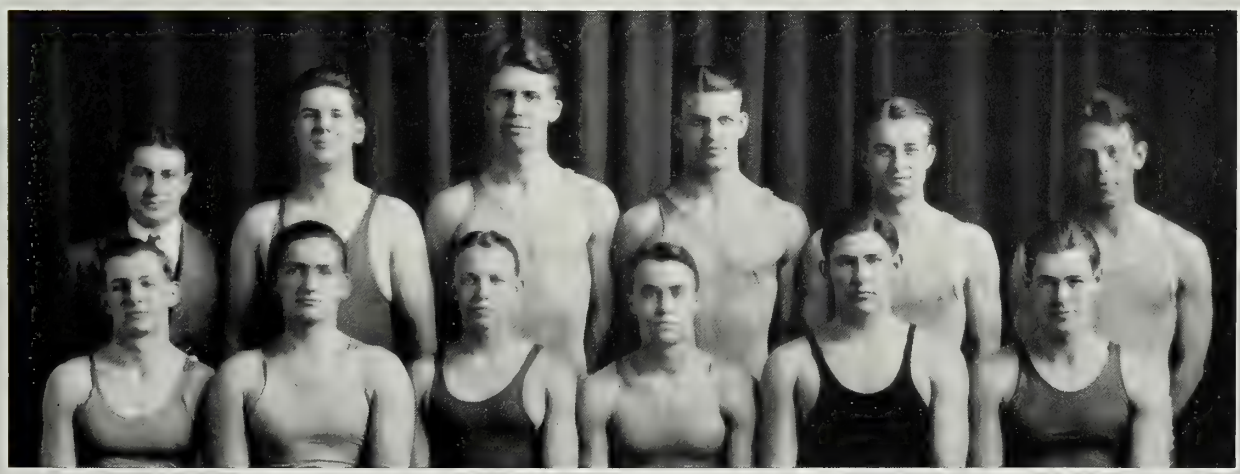

visiting outfit couldn't seem to become accustomed to the small, 60-foot pool, and brilliant play by Wagner and Schroeder failed to halt the Maroon attack.

By far the most thrilling game of the season came in the final encounter at Madison when Schroeder and his mates were forced to go into an overtime period to romp home with a 2 to 1 triumph.

Five out of the regular seven men comprising the 1930 squad will not return next year, leaving Barry and Wallk as the foundation for Coach Manley's 1931 water polo entry.

## Varsity Gymnasts

ILLINOIS barely failed to cop its second straight conference title in gymnastics when Chicago nosed out Coach Hartley Price's charges, 1212.05 to 1168.35 at the championship meet on March 15 at Chicago. Several of the Illinois athletes were off form, and Reiter was the only one able to gather a first place against the stiff competition offered by the other conference schools. Capt. "Dick" Oeler, who had so capably led his teammates with points in the sidehorse and parallel bars throughout the dual meet season, had to be content with a second and a fourth place.

In their dual meet competition, Coach Price's gymnasts captured three out of their four conference engagements, dropping the only encounter to the Chicago tumblers. The Illini opened the season with an impressive triumph over Minnesota, grabbing every first place and accumulating 1178.25 points to 1085.75 for the Gophers.

Ohio State proved a much easier opponent, bowing to last year's conference champions by a 1221.50 to 1055 margin. Price's hopefuls again copped every first place and scored slams in the flying rings, parallel bars, and tumbling events.

Chicago caught the gymnasts in a severe slump, running up 1242 points while Illinois was accounting for only 1199.5. The Illini then came back to finish the successful season with a victory over Purdue. Capt. Oeler led his team's scoring by taking firsts in the parallel bars and sidehorse. The final score read: Illinois, 1171.25; Purdue, 1091.

## Varsity Fencing

**D**UPLICATING their performances of the previous year, Coach Herb Craig's Illini fencers captured the Big Ten title for the second consecutive season at the conference meet on March 15 at Chicago. Three Illini journeyed to the title meet, namely, Capt. Otto Haier, Fred Siebert, and "Doc" Gross, and three returned champions. Haier, the cat-like, scrapping Illinois leader opened the fray by winning every bout, and Siebert and Gross duplicated their captain's display of swordsmanship to give the Illini a perfect total of 15 points.

Three victories and two defeats was the record of Coach Herb Craig's Illini fencers during the 1930 dual meet campaign. Illinois opened the season by trouncing Washington University of St. Louis, 15 to 2, with Capt. Haier and "Red" Siebert clashing through their opponents for wins in all of their matches.

Minnesota next fell before the Illini swordsmen by a 16 to 1 count in the first Big Ten encounter. Siebert was again the star, fencing in five bouts and winning all but one. Journeying to Ann Arbor with two scalps on their belts, Craig's duellists underestimated their next opponents and succumbed to Michigan's attack by the close margin of 9 to 8.

Still suffering from their slump, the Illini dropped their following meet to Chicago, 10 to 7, when the Maroons staged a comeback in the final matches. The fencers closed their dual season in the Old Gym by crushing Purdue by a 14 to 3 count with Haier and Siebert again leading the attack.

"ATHLETICS FOR ALL," the policy developed by Director George Huff for all Illinois men, has become almost a reality through the efforts of a well-organized system of intramural athletics at the University. Under the directorship of Edwin J. Manley and the management of P. C. Livingston, '30, more than 8,000 men participated in all branches of athletics last year. A new system was inaugurated during the 1929-30 school year whereby non-fraternity or independent men have an organization of their own. V. D. Malone, '30, was appointed manager of the independent organization which was divided into 50 districts, each of which contains from 60 to 90 men. The Independent Council appoints a manager for each of these districts to serve under the senior independent manager.

## Woman's League

**W**OMAN'S League was formed to further a spirit of unity among University women. Membership in it is open to all girls registered in the University. Woman's League teas, Group Mixers, and all-University Parties held throughout the year serve to aid in bringing girls together in the ties of new friendships which grow stronger through college days. Orange and Blue Feathers and Gold Feathers afford opportunities for executive ability and outstanding qualities to appear in underclassmen. In co-operation with the Illinois Union the three important annual celebrations, Homecoming, Dad's Day, and Mother's Day are carried out. The year's proceeds go to furnish houses for girls working their way through school.

ORANGE and Blue Feathers has the three-fold purpose of encouraging scholarship, activities, and new friendships for Freshman women. Its membership is open to all girls, but to further these three ideals throughout college days a "C" average and 75 activity points are required for initiation. ## Woman's League Tea

**W**OMAN'S League sponsors teas every Wednesday afternoon in the upper parlors of the Woman's Building at which prospective Orange and Blue Feathers and Gold Feathers serve and provide entertainment, affording splendid opportunities for securing activity points, renewing old acquaintances, and making new ones.

## Doll Show

THE Y. W. C. A. held its annual Doll Show for the orphans of Cunningham Home just before Christmas with "The Chicago World's Fair of 1933" as the central theme. Delta Gamma won first place with its set "Wine-Making in France," West Residence Hall took second place with its "Mining Scene," and Aeolia the Group Cup with a "Candy Store" set. Individual dolls were also given prizes this year. Susan Townsend won this with a baby doll.

## May Fete

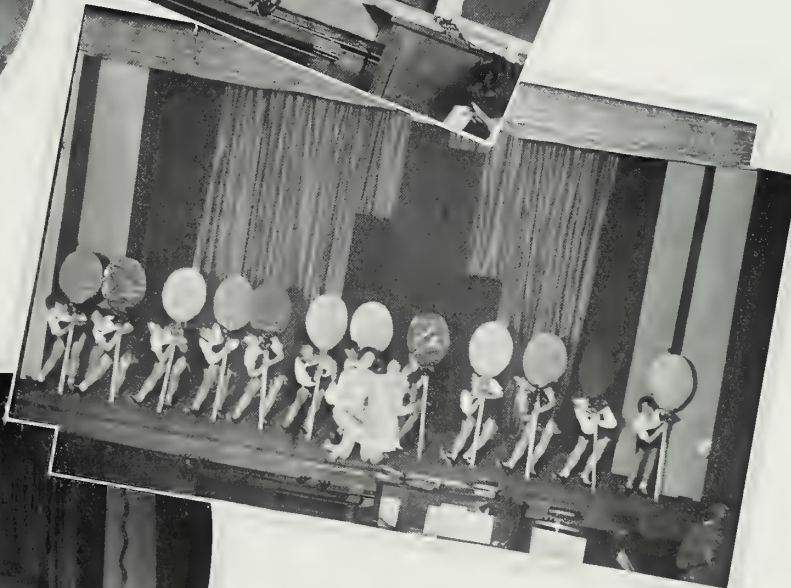

**E**ACH year W. A. A. presents a May fete in the stadium on the Saturday afternoon of Mother's Day week-end. The 1929 May Fete centered about "If I Were King," in which University women took part in the varied dances and pantomime. More than 300 women were in this thirtieth annual event. Frances Cassady was chosen May queen by popular vote of the student body several weeks beforehand, and crowned in a colorful ceremony during the fete, surrounded by her court.

## French Heels

THE Fashion Review presented by Woman's League took a different form from last year's production. This year it was a musical comedy, under the title of "French Heels," with fashions and lively songs and dances introduced as incidental to the plot. University women planned, directed, costumed, and supervised the entire production with the aid of the faculty advisor. The proceeds were turned over to the Welfare Committee to be used in furnishing the three co-operative houses, Alpha, Beta, and Campbell Cottages.

WE'RE LOYAL TO YOU ILLINOIS

*A wood-nymph by the river's brim  
A pretty wood-nymph was to him.*

*But in the gym  
In clothes so trim,  
Both sensible and good,  
It's sad but so  
He'd never know  
His darling of the wood.*

*"Oh, mother," she murmured, "now do not  
delay  
To wake me for I'm to be Queen of the May."*

## W. A. A.

**W**OMEN'S athletics on the Illinois Campus are of major importance and are sponsored by the Woman's Athletic Association, an organization of University women who are primarily interested in all forms of athletics. It is their purpose to promote health education and to further an interest and participation in games and sports of all types which make for mental and physical efficiency.

Since the inauguration of a four-sport season year, the organization has grown until the present roll includes about 200 women.

There is a manager for each sport which the Association sponsors, and these managers comprise the Advisory Board. In addition to sports, W. A. A. sponsors a Play-Day each spring for the four high schools of Champaign and Urbana, and University Health Week in March. The Association also sponsors social life with Sans Souci in the fall, May Fete in the spring, sport banquets during the year following the close of each sport season, and an annual spring banquet at which time all major awards are made.

## Gold Seal Girls

Dorothy Marie Johnson

THE Gold Seal is the highest honor awarded by W. A. A., and is won only by those girls who have earned 2000 points through participation in the different sports sponsored by the Association during the year. This year the honor was awarded to four girls, an unusually high number.

The major IA is awarded to girls who make 1200 points during the year, and the minor IA to those who earn 600.

## Soccer

WHEN 109 girls turn out to practice for a single sport, it is inevitable that an exciting tournament should follow. The senior team was the fortunate one, coming out first after a series of hard-won battles, in which their team spirit counted for more than their clever offense and defense.

## Hockey

**H**OCKEY proved itself to be the most popular of women's sports with the largest turnout of the year. As last season's tournament ended in a tie between the Sophomores and Juniors, this year's victory for the Seniors really ended a two year's battle for supremacy.

## Basketball

**T**O the Sophomores go the honors of the basketball floor. Over 100 women turned out for basketball this year, and a lively interclass battle was waged. The Sophomore team can well be proud of its victory, won after a hard round of excellent playing.

## Baseball

THE 1929 baseball season was indeed an exciting one, and furnished plenty of interest to feminine fans. The final result was a tie between the Junior and Senior teams, each having a final score of five games won, and one game lost.

## Individual Sports

**A**PPARATUS, Bowling, Archery, Track, and Tennis offer opportunities for individual attainment. The flying rings, parallel bars, high jump, alleys, and the tennis courts offer pleasure which few University women care to lose, and furnish some of the most interesting sports events of the year.

## Volleyball

**V**OLLEYBALL enthusiasts turned out in force this year, with the result of an interesting and exciting tournament. After a season of consistent and careful playing, the Juniors asserted themselves winners by a long lead, won as much by good sportsmanship and team spirit as by skill.

## Aesthetic Dancing

THERE is an untrammelled freedom of spirit, a sense of power, a feeling of lifting ever up—up—up—then the rest and peace of slow undulating motion which is dancing—for dancing has moods now swift and fleet, now subdued and still; it is the expression of self, translated through music.

## Clogging

THE art of clogging is an inheritance from the originators of Jazz dancing. "East-Side, West-Side" and "Dixie" are easily adapted to the tap-tap-tap of the surprisingly good amateur cloggers to be found in the most popular of the physical education classes.

THE Illini Board of Control, established in 1908, is composed of four faculty members and four student members. The latter are elected by popular vote, two each year. Its original purpose was to appoint the editors and business managers of the Daily Illini and to determine matters of general policy for this publication. Although this change was a radical departure from the old tradition, the board has proved successful in its operations in spite of its many problems, and now has supervision over all campus publications and owns all publication property.

The impartial selection of the student editors and managers of the various publications of this body has tended to encourage rather than discourage the interest shown in campus publications. Although there was at first some doubt as to the benefit of such a board, it is now recognized as one of the leading factors in the recent development of campus publications and in no way has it hindered the originality, initiative, or executive ability of the students.

## The Illini Publishing Company

V. L. KRANNERT, *Company Manager*

THE Illini Publishing Company is regarded by many as the greatest student publishing company in the world. It was established for the purpose of conducting the student publications and employs a business manager who carries on the business affairs of the company and advises the publication managers. All the publications, with the exception of the Illio, are printed in the company's own printing plant in the basement of the Union Building, where full-time men are employed to print the Daily Illini, after it is made up by the student staff of news editors, copy readers, and proof readers.

The combination of all the publications into one organization with a capable manager to advise the student editors and business manager has enabled all of them to gain a firm foothold.

This system of conducting student publications has been so successful, that the Illini Publishing Company has been used as a model by many universities.

*You've heard of the piper in Hamlin of yore  
Who piped all the rats from the town to the  
shore.*

*He claimed it was true  
That he surely knew*

*The course that was best for their souls.  
So he with a fife  
Devoted his life*

*To getting them out to the polls.*

*We pay for our pipers and follow their wake  
And pray that they lead us not into the lake.*

THE Independent Council is under the direction of a cabinet of five, drawn from the ranks of sixty senators. It has consistently aided freshmen in registering and has directed them in campus activities. It has conducted a series of bridge, billiard, and athletic tournaments; aided the intramural department by organizing non-fraternity teams; sponsored dances, smokers, and social dinners; and given banquets for victorious independent athletic teams and non-fraternity letter-men. In this way it has brought three thousand unorganized men into contact with the activities of the independent body.

THE Dance Supervision Committee, appointed by the Student Council, has general direction of all University dance functions. Composed of eight members of the Senior Class, it acts in the capacity of an advisory body in co-operating with the various dance committees, and assists them in every possible manner. In addition, it supervises the petitioning and sale of all dance tickets and determines the eligibility of students for respective class functions. The Committee is responsible in its work to University officials.

**B**OUND by the ties of common interest, common aims, and common problems, the three dramatic societies of the campus, Faculty Players' Club, Mask and Bauble, and Pierrots were drawn together to form a board or guild which should direct them. This board, the Illini Theater Guild, came into existence in 1924, and has since held a

commanding position in University dramatics. Composed of one member from each of the societies, two representatives of the University, and one associate member from the Woman's League, it is charged with the complete management of all productions by these societies—thus the success or failure of campus dramatics lies in its hands.

IN THE spring of 1929, the Illini Theater Guild instituted a managerial system to handle the business and production sides of dramatics as the coaching staff handles the acting and directing. In the past year this system has been very successful. Unlike the coaches, however, the managers are students, picked because of their ability and knowledge along these lines. To these

managers come all those problems connected with play production throughout the year—problems ranging from those of ticket sales to those of scenery design and costuming. Thus they are enabled to do the work in a more experienced manner and with the least wasted effort.

CLIMAXING last school year's social activity, the 1929 Senior Ball was held in the Gym annex on the nights of June 6 and 7. Nearly 2000 couples danced away the two evenings in the oriental garden-setting formed by festoons and drapings under a ceiling of blue, interspersed with stars and clouds. Outside, on Illinois Field, garden furniture and vine-covered lattice-work

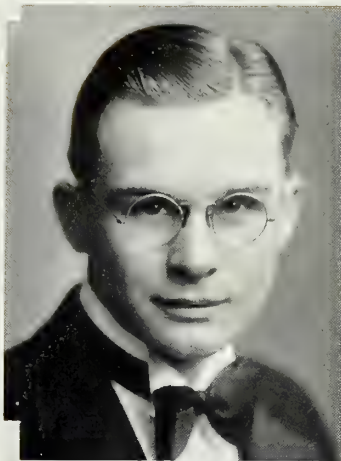

formed a picturesque and romantic scene for moments between dances. Gus Edwards and Jack Chapman brought their bands to play for the dance of the year on the Illinois campus.

The work of the 1930 committee gives evidence that the coming Ball will bring an equally fitting close to this year's functions.

FOUR hundred representative Greek leaders gathered in a glorified Bradley hall on the evening of February twenty-third at the annual Pan-Hellenic formal, most exclusive and dignified of social functions. With the decorations transforming the hall into a romantic Japanese garden with

parasols, colored fountains, and hangings of wistaria, and with Jack Chapman's orchestra offering soothing, crooning melodies from a platform garnished with reeds, ferns and palms, the fraternity and sorority leaders danced in an atmosphere of true Niponese brilliance and languor.

**R**OYALTY visited the 1931 Junior Prom on the evening of December sixth. Bernice Stephens, enthroned on a sumptuous white dais, robed in a white gown, and wearing a dazzling crystal crown, smiled with majestic warmth as the 600 couples promenaded through the Grand March formations before her. The Prom Queen election, held this year for the first time, was inaugurated with the intent of making it an annual event at each Junior Prom in future years. The Queen was elected by popular vote of those attending the dance.

A gorgeous winter garden was the setting for the affair. Christmas trees, studded with flickering colored lights, spired up the side-walls. Red and

green tinsel draped with white cotton icicles formed a contrastingly smart ceiling under which the brilliant formal gowns and immaculate tuxedos of the dancers blended in harmonious impression.

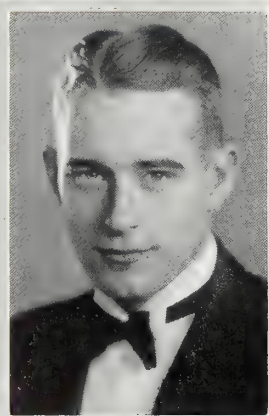

Moonlight dances were another feature inaugurated at this year's Prom. At intervals during the evening, all the lights were extinguished, and the couples danced on while two colored spot-lights flickered here and there among them. Buddy Fisher varied the dancers' rhythm from time to time, leading his adept musicians first in a dreamy, swinging melody, only to break into a blue-hued fox-trot for the next dance.

THE class of 1932 made history on the night of January seventeenth when they held the first formal Sophomore Cotillion ever given by any class in the University. The Gym Annex was the scene of the affair, appropriate with decorations of black and white, set off by novel triangular lights and colored spotlights. Zez Confrey furnished the music with his orchestra.

OWNED in lavish costumes of the period of Catharine the Great, dancers crowded about that most eccentric and colorful of Russia's rulers at the Fine Arts Ball, held April fourth in the Gym Annex. This dance was clearly one of the outstanding University social functions, with the gorgeous and elaborate costumes worn by the dancers and the brilliant futuristic motif of the tri-colored decorations of gold, red, and black.

The usual grand march was eliminated, and a short play, entitled "Catharine Goes to the Ball," was given in its stead in the middle of the evening. Wayne King and his orchestra played for the dance.

Dancing in the same atmosphere in which the sophomores held their formal, the freshmen changed the decorations slightly to include a huge green class numeral suspended from the ceiling with green and white streamers tapering off from it to the side walls. **B**RINGING tag-dancing to the Illinois campus for the first time in history, the Senior Informal, held in the Gym Annex on the night of December seventh, presented a novel experiment towards modifying the staid social customs of the student body. Dancing in the same atmosphere of the Prom, held the preceding evening, nearly 500

couples swayed and glided while Buddy Fisher's orchestra provided the rhythm. The same scene, same decorations, and the same orchestra were there, but the dignified and formal tone of the previous evening was entirely absent, with the dancers apparently enjoying the lack of formal restraint.

With the words Mi-Hila meaning "spring dance," and held as it was on

the night of April 12 in Bradley Hall, the independents effected the proper spirit of buoyant joviality amid a setting of spring decorations. The hall was brilliant with many-colored blossoms and fantastic lattice-work covered with flowering vines. Chick Meyers and his orchestra furnished the music for the affair.

CLAD in overalls and working garb, the Ag and Home Ec students thronged Bradley Hall on the evening of March 21 to cavort hilariously upon this, the occasion of their most important social function. In direct contrast to the dignity marking the more formal social affairs held on the campus this year, the Ag frolickers

conducted themselves as befitted a group so indecorously clothed. Using the floor in lieu of chairs and surrounded by appropriate decorations, the couples danced to the melody of Roland Fenton's Paradise Gardens orchestra. The informality of the affair lent charm to the evening.

THREE bands, the Concert, First, and Second Regimental bands, are maintained by the University. Each of these forms a division of the "greater" Illinois band whose membership numbers more than 300 musicians, and from these three groups are chosen the members of the University Football Band. This latter presents a pageantry each fall in the Memorial Stadium, and also makes out-of-town trips with the Varsity Football team.

Professor A. A. Harding's chief aim in directing the bands is not so much to build up a marching band as to

develop a musical organization of symphonic proportions. Thus the Regimental Bands direct their efforts toward the training of men for promotion and participation in the Concert Band, a group of specially selected musicians organized for the study and execution of the higher types of music. The Concert Band arranges each year a definite schedule of musical performances, including an annual tour of mid-western cities.

Membership in any of the bands is accepted by the University as a substitute for required military drill and tactics.

**F**OLLOWING its custom of presenting three major choral works each year, the University Choral Society added much during the season of 1929-30 to the sterling reputation it has gained on the campus through past successes.

The organization opened its season with a rendition of Handel's "The Messiah," appropriately presented during the Christmas holidays. This oratorio was followed on January 19 by Verdi's "Requiem." Local soloists admirably filled the roles of principals for both of these productions.

The Society climaxed its season by giving, in conjunction with the Men's Glee Club, the sparkling, scintillating opera "Carmen," written by Bizet. The accompani-

ment was furnished by the University Orchestra. Following the usual custom, three noted singers of grand opera were imported for the leading roles. The part of "Micaela" was sung by Fanny Cole Sample, "Don Jose" was portrayed by Le Roy Hamp, and the Norwegian artist, Sessan Whist-Nespia, was the "Carmen" of the piece.

The University Choral Society consists of a group of 175 voices recruited from the students and faculty of the University and from the citizens of Champaign and Urbana. It offers them an opportunity to utilize their musical talents, and provides an unusual and worthy form of entertainment for lovers of good music.

'GAINST' THE BEST IN THE LAND

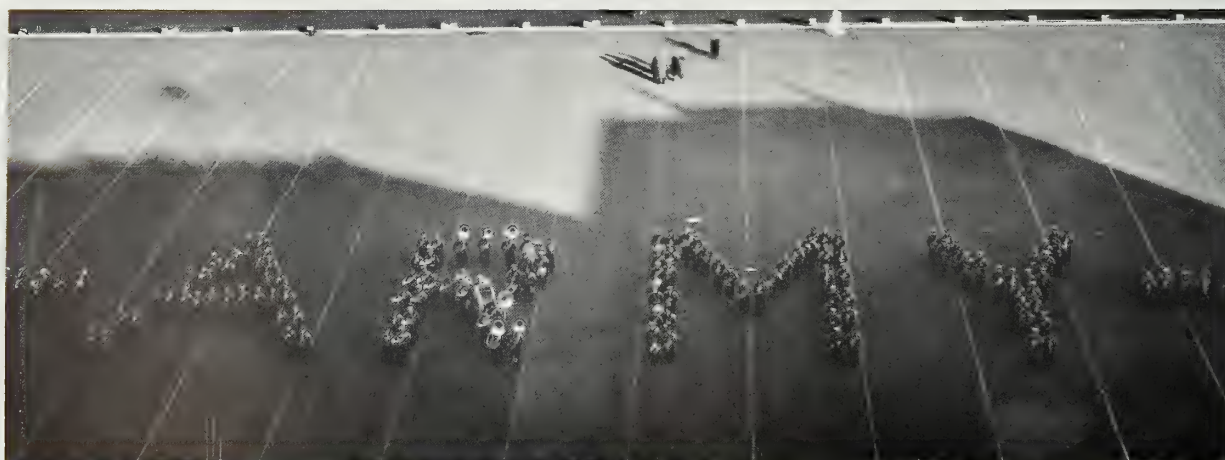

THE ARMORY

## Military

**M**ILITARY instruction at the University is based on the Land Grant Act. The State accepted this Act and the grant of land provided thereby on February 28, 1867. A plan for the Military Department was adopted by the Board of Trustees in November, 1867, on recommendation of a Committee which said in its report, "while the effects of this Department will be to scatter through the State a body of men, so far advanced in Military work, that, in case of war, they will furnish skilled officers, ready to drill and lead the Military forces of the country. It is the opinion of many experienced educators that the introduction of Military drill and discipline is of positive value for their educating influence. They will materially assist in the Government of the Institution, and tend to form those habits of order and punctuality, for want of which so many educated men fail of usefulness and success."

SECRETARY OF WAR GOOD, GOV. EMMERSON, GEN. SUMMERALL, PRES. KINLEY,  
GEN. PARKER

THE present Military curriculum for the Reserve Officers' Training Corps was adopted by the University Senate soon after the War and approved by the Board of Trustees. The advantage of this military training to the nation, the University, and the students participating has been obvious through the years. It is a service to the Nation and the State to prepare officers in a civilian atmosphere. It is to the advantage of the University because such training interests the people at large and impresses them with the belief and desire of the University to train young men for this as well as for other lines of public service. It is to the advantage of the student because it has an educational value in the development of his character, and because the study of Mathematics and Engineering from the Military point of view is as truly an educational process as is the study of these subjects from the point of view of the Civil or Mechanical Engineer.

OFFICERS of the Army are detailed to duty with the R. O. T. C. at Illinois only with the concurrence of the President of the University. They are detailed for a four years' tour of duty. Great care is exercised in their selection in order that the highest educational and moral standards may be maintained. It is desirable also that the army officer shall possess the college man's viewpoint if he is to be a successful instructor.

The officer comes in contact with a most excellent class of young men. The conditions are such also that results of effort can be readily recognized. At the beginning of each year large numbers of first year basic students are brought into the Department. The results of the efforts of the army officers throughout the year are recognized when, at the end of the year, the Annual Military Day Review is held. It is with special satisfaction that the regular army officer watches individuals develop from first year basic recruit to a commission in Reserve Corps after four years of training. On account of the admirable facilities furnished for carrying on military training, and the interest manifested in this phase of the University work, not only on the campus but also throughout the State, army officers feel themselves honored at being selected for the detail and benefited professionally by the tour of duty here.

CADET COL. FRED HUMBERT

THE immediate aim of the University of Illinois is the education of the student body; its ultimate goal is the development of leaders for the State and Nation. The function of the R. O. T. C. is the development of leaders for war. Its primary purpose is to create a corps of trained officers, who, in the event of war, will be called upon to train and lead the National Army. The course of instruction in the R. O. T. C. emphasizes leadership. That essential element of leadership, the ability to make decisions, is stressed. The object of the instruction is the inculcation of discipline, precision, individual initiative, and responsibility.

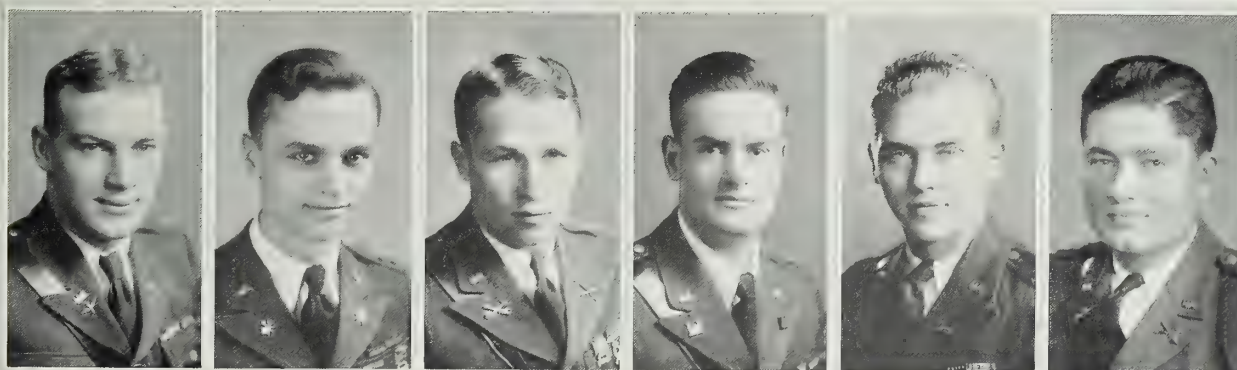

With the increasing age of the World War veterans, the R. O. T. C. has become the chief source of supply for reserve officers. Out of 8070 reserve officers appointed in 1927, 5018 were graduates of the R. O. T. C.

The R. O. T. C. offers an excellent opportunity to the student who desires to follow the military profession. Honor graduates are required to take only a physical examination for appointment as Second Lieutenant in the Regular Army. The mental examination required can be passed by any good student. While the securing of an appointment is dependent on existing vacancies, in recent years a considerable number of vacancies have been available. Once commissioned, the R. O. T. C. graduate suffers no handicap in his competition with the West Point graduate.

## Reviews

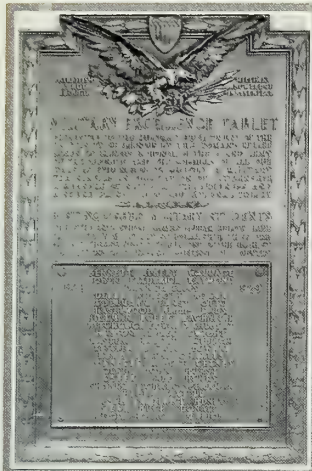

Gen. Parker, Pres. Kinley, Col. Weeks

A REVIEW of the entire Reinforced Brigade, consisting of the Infantry, Cavalry, Field Artillery, Engineers, Air Corps, and Signal Corps is held several times during each school year. On Military Day, held in the Spring of the year, those completing their fourth year of R. O. T. C. work are commissioned in the reserve corps of the National Army. Last year the commissions were awarded by Major General Parker, commanding officer of the Sixth Corps Area. The newly commissioned officers of the reserve then review the Brigade, which is led by the First and Second Regimental bands. After the review a luncheon is held, sponsored by the local chapter of the Reserve Officers Association. All officers attend, so they may become better acquainted with the other men in their units. On this day the Hazelton prize medal and the University gold medal are awarded to those basic corps men showing the highest proficiency in Military Drill and Tactics.

## Honors

### The Hazelton Prize Medal

*Won in 1929 by*  
ARTHUR C. BASS

The Hazelton Prize Medal was provided in 1890, to be awarded annually to the best drilled student enrolled in Military Science. The competition for this medal is held in May of each year.

The award is made for excellence in military appearance, erectness in carriage, neatness in dress, and for excellence in the execution of the school of the soldier, without arms and without numbers.

### The University Gold Medal

*Won in 1929 by*  
HAROLD M. SCHOENBERG

The University Gold Medal is awarded annually by the Board of Trustees of the University. The medal is awarded for military excellence shown in the annual competitive drill. The applicant for the medal must have a required standard of scholarship both in Military Science and in his other school work, and he must show a thorough knowledge of the other details as in the requirements for the Hazelton Medal.

## Military Ball

ALL the pomp, precision, and smart dignity characteristic of military affairs marked the 1930 Military Ball, held in the Gym Annex on February 21. Cadet Col. Fred Humbert with Ethel Magnuson, and Cadet Col. Jack Rose with Catherine Ehrler, led the grand march. Brilliantly polished uniforms, the clank of spurs, expert maneuvering, and martial rhythm combined to make the march one of the finest ever seen at a University

dance. Under a canopy of red, white, and blue streamers, and picturesque panels, the military officers and leaders appeared their finest, arrayed in shiny leather and polished brass. Following the grand march, all present clicked their heels and came to attention, a corp of bugles sounded and a fluttering flag rose above the crowd. The music was furnished by Jack Chapman and his orchestra.

## The Conference Medal

THE CONFERENCE MEDAL

ROBERT "BO" ORLOVICH was the 1929 winner of the conference medal for athletic and scholastic proficiency, which was awarded last June. Orlovich was a reliable point getter for Coach Harry Gill for three years, running the distances. "Bo" was a member of the famous Illinois four-mile relay team, which swept everything before it. For the second time, in as many years, the winner of the medal has been a member of Phi Beta Kappa.

BO ORLOVICH

EACH year the University of Illinois rewards the members of the graduating class, who, during their junior and senior years, have sustained excellence in scholar-

ship, by casting their names on a bronze tablet which is placed in the Administration Building. The following were honored in 1929:

PHYLLIS MARIAN ALEXANDER  
MARJON ELIZABETH BAKER  
MAURINE WILMA BAKER  
MARTIN BUCK  
FRED GERALD CAMPBELL  
MASON JOHN CLARKE  
RALPH ALEXANDER CONNOR  
LIVA MORGAN CRAFT

EDWARD MARTIN MUELLER  
JAMES JOSEPH MULLEN  
MARGARET JULIA ROY  
SAMUEL WALDO SPECTHRIE  
NORMAN ALLEN WATSON  
ANNA MARGARET WEATHERFORD  
WILLIAM LLEWELYN WILLIAMS

Each year two civil engineering seniors who have maintained all-around excellency are awarded the Professor Ira O. Baker Prize of \$75 and \$25 for first and

second places respectively, and their names are cast on a bronze tablet. The 1929 winners were Vernon P. Jensen, first, and Jacob Karol, second.

**S**KULL and Crescent fraternity awards a cup at the beginning of each semester to the national social fraternity having the highest scholastic average for the preceding semester. Alpha Kappa Lambda was awarded the cup for the fall semester, 1929.

Scarab, professional architectural fraternity, offers each year the Scarab Medal as an award to the student in the Department of Architecture who submits the best solution to a problem in architectural design. The medal was awarded to M. D. Schlesinger in 1929.

The Sachem Trophy is awarded to the social fraternity having the greatest number of scholastic points which are compiled on the scholastic average basis and the greatest number of scholastic points as compared to the preceding semester. Cosmopolitan Club won the trophy for the fall semester of 1929.

The American Institute of Architects offers each year a medal to the senior in the Department of Architecture whose development during the four-year course is the most consistent and best. The award is based upon scholarship in all work during the course, the purpose being to prevent over-specialization in design. The medal was won by Maurice W. Kleinman in 1929.

Through the generosity of Mr. Francis J. Plym, of Niles, Michigan, a graduate of the University of Illinois of the class of 1897, the trustees have established a fellowship for the advanced study of architecture. The stipend attached to the fellowship is one thousand dollars. The winner is required to spend a year of study and travel in Europe. The fellowship is awarded annually by competition in architectural design. Won in 1929 by William P. Crane, II.

*Each one has a way to whate'er she attains;  
For some have the beauty and some have the  
brains.*

*There's Something that's sweet,  
And Something that's neat,  
But Something, you're bound to admit;  
That mystical charm  
Prepared to unarm—*

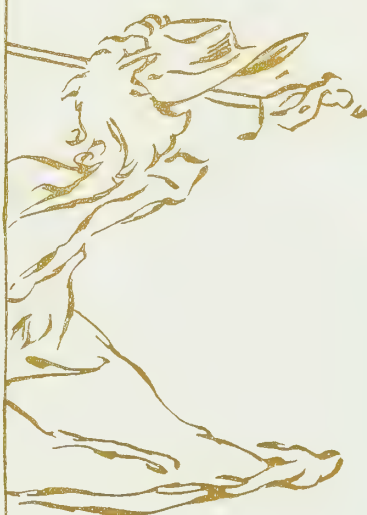

*That whimsical Something called "it."  
You may be in luck and find one who re-  
strains  
Her ravishing beauty with competent brains.*

CHICAGO

AN OUTSTANDING  
FIGURE IN CHICAGO'S  
PHOTOGRAPHIC WORLD

PORTRAITS by Paul Stone-Raymor, Ltd., are imbued with a subtle quality of distinction which sets them apart from the ordinary . . . they possess a charming "something" . . . Portraits . . . striking in cleverness . . . typical of the unusual . . . some daring . . . others conventionally modern. Mr. Stone enjoys an enviable reputation as an artist . . . a reputation which is the result of 15 years of fixed intent . . . to make the finest portraits for a clientele

which places quality before price . . . he knows feminine and masculine requirements in the art of "taking" and he and his clever staff of artists constitute the acme of perfection in their line. . . . ## OF COURSE ... you'll want your own x-ray unit

FREQUENT use of the x-ray is one of the ways by which the public is learning to distinguish the progressive dentist. More and more the leaders in the profession are installing their own x-ray units.

The Victor CDX Dental X-Ray Unit has been a great factor in creating this vogue for individual ownership. The Victor CDX hangs suspended from the wall. It is electrically safe. Both transformer and tube, insulated in oil, are enclosed in the tube head. There is no high tension current exposed anywhere. You and your patient can touch the CDX anywhere while it is in operation. There is no danger of shock.

Let us send you the facts drawn from the experience of successful practitioners about this modern unit. It makes radiography almost as simple as photography. As you start out, you cannot afford to be without this important tool of your profession. Write us about monthly payment plan.

# Success!

EVERY young man who is about to establish a dental office pictures himself enjoying a successful practice amid pleasant surroundings and operating with modern equipment.

Before this can be brought about finances must be arranged and a location selected. Perhaps plans will have to be drawn and the office remodeled to suit the future occupant. Interior decorations and furnishings that harmonize with the equipment will have to be selected. Then comes the installation of the equipment, the sending out of announcements and the adoption of a practical method of record keeping and accounting. During the past twenty years our organization has been chiefly engaged in helping our clients solve problems such as these. We would be pleased to serve you in a similar capacity.

## All the Way from England

**A**LL the way from England, across the Atlantic by steamship, up the Mississippi and Illinois rivers by steamboat, overland by wagon 40 miles to the blacksmith shop of John Deere in the little frontier village—thus had come the steel.

It was a notable event to the pioneer villagers and farmers.

They were all talking about the shipment.

Steel was scarce and high priced.

For a hundred years there had been no improvement over the slow, costly Huntsman process of making steel.

It was years before the coming of the Bessemer process, the Siemens-Martin process and the open-hearth process.

England, with an annual output of less than 50,000 tons, controlled the steel markets of the world.

In young America, no dependable source of good steel was available at any price.

But John Deere, foreseeing the importance of his steel plows, had worked out his specifications and ordered plow steel from England. From a broken mill-saw blade he

had built the world's first successful steel plow, in 1837. For a few years he had made plows from saw blades and other products gathered from all accessible points. He wanted a source of supply in keeping with his vision of a wilderness conquered by the steel plow.

And here was the steel ready for his craftsmanship; steel that cost more than \$300 a ton delivered; slabs of steel from each of which this energetic young blacksmith could cut material for six moldboards and shares—the first shipment of plow steel from a steel-maker to a plow-maker since the world began!

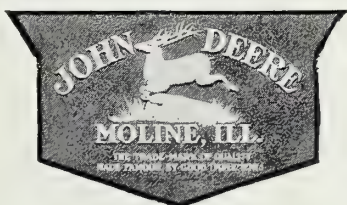

Gone was the uncertainty of depending upon old saw blades for plow bottoms. No longer would there be the crudities of construction due to improvised material.

Here was the highest grade steel that could be secured for making plows—steel rolled to the exact specifications of John Deere—good, thick steel that enabled John Deere to make better plows, in much greater quantities each day.

Thus was the second great step taken in the steel-plow industry—a step that ranked in importance with the building of the first steel plow by John Deere in 1837.

□ □

Steel for John Deere plows! It is easy to get today. Great steel mills of America produce it, with all of the latest methods of manufacture. One sees its bright reflection of the sun from moldboard and share, in all sections where plowmen go afield with steel plows—a shining light that tells of the spirit of progress of the blacksmith who founded the steel-plow industry and the John Deere organization which manufactures and distributes to all parts of the world quality equipment for every farming operation.

EVEN Sarah Bernhardt, who threatened to sue a hotel because an uninviting bathroom spoiled her day and her evening performance, would have been charmed by the beauty of this typical Crane room. Even the most frugal will be delighted by the economy with which this beauty is here offered to American home builders. The *Corwith* bath with overhead shower, the *Norwich* lavatory, the *Santon* closet, all new fixtures full of character, cost no more than clumsy ones. The fixtures can be had in any one

of a dozen delicate hues, with only a fraction added to the complete cost of a bathroom. The decorations . . . linoleum for the floor, canvased wainscot, papered walls . . . actually can be had for less than a stereotyped room. For a book of beautiful rooms, one of which may exactly fit your taste, purse, and house, write for *Bathrooms for Out-of-the-Ordinary Homes*, with color schemes, floor plans, full information. Your architect and a responsible plumbing contractor will help plan and make the installation.

## WHAT YOUNGER COLLEGE MEN ARE DOING WITH WESTINGHOUSE

Special cars were needed . . .  
*railway tracks had to be lowered, to handle  
 the transformers these men built*

AT CONOWINGO, Maryland, is the second largest hydro-electric development in the world. Power generated there at 220,000 volts will be fed into lower voltage transmission lines of the Public Service Electric and Gas Company at Roseland, near Newark, New Jersey.

The transformers that will perform this transfer of energy are physically the largest ever built, for their capacity is sufficient to serve the home lighting needs of a city of a million people. Four in number, each is larger than a house, weighs when empty as much as a large locomotive and holds three

tank cars of oil. Four specially built railway cars and fifty-two standard cars of various types were required to transport them from the factory to the job. At one point the railway tracks had to be lowered so the units would clear an overhead viaduct, so great was their size.

When spectacular jobs like this come up it is natural that they go to an institution like Westinghouse. Pioneers in electrical development, Westinghouse engineers often know the thrill of achieving the "impossible" in seeing their work through from design to erection.

# Mansionette Homes

*Are Now Available to All!*

**T**HIS announcement is of vital importance to all owners of vacant building lots. No longer need your residential vacant lot be a liability. *Make it pay you dividends!* Here's how.

The Mansionette Corporation, a National institution, is now extending its unique home building service to vacant lot owners in the five central states. Architect-certified Mansionettes are available to everyone. From modest homes of \$5,000 to the rambling \$50,000 mansion, all of the same paramount Mansionette quality, can be built on your own lot on convenient terms; you can pay same as rent. Each Mansionette, no matter how small, is an individual architectural creation and the construction on each is completely supervised by a qualified expert local Architect. No extra charge for this service.

*Mansionette—the Home of Today and the Future*

## *The Maze of Insecurity Removed*

Every Mansionette backed by an organization with twenty years' practical building experience is your best guarantee.

We are particularly pleased to introduce Mansionette Homes to home lovers in this vicinity, because they are the most modern, completely-equipped and attractive homes of modern cost that have ever been designed.

## *All Brick—They Cost No More*

Exterior face brick wall is laid in cement water-proofed mortar. Plastic Paint textured decorations, tinted and glazed with oil paints, for beauty and permanency.

Mansionette Homes represent new building materials, new electrical appliances, new ideas in color and decoration, new theories of heating and ventilation, new built-in, labor-saving utilities and devices.

All new ideas of merit are investigated by our designers and engineers, weighed carefully, tested out and if sound, adapted in the Mansionette.

The building standards of Mansionette Homes are thus continually improved upon, and although we regard a reasonable profit as essential proof of good management, we take more pride in a satisfactory job than in the profit. The sweetness of low price is not overshadowed by bitterness of poor quality.

Your local Mansionette-Contractor was selected carefully for his reliability and trustworthiness. He is able and dependable and will protect your interests not only up to the time of turning over the key to your "MANSIONETTE," but will remain your friend and advisor indefinitely.

## *Only Reputable Local Realtors Are Licensed to Build Mansionette Homes*

Building up local goodwill through its authorized offices in all principal cities is the keynote of the MANSIONETTE program. From employing local craftsmen and obtaining all materials from established dealers to supervision of all construction by a local Architect, the firm's far-reaching activities are aimed to benefit each community by sound non-speculative development.

## *You Cannot Afford Not to Own a Mansionette*

### *It Costs No More—and Here's How It's Done*

All material prices to us are based on volume production by the manufacturers. We pass these discounts on to you, Mr. Consumer. *Your one home* is based on our costs for *one thousand homes*. You can thus get a far better home than you expected for the same money.

Our mass purchasing power obtains for you only approved quality merchandise. There is little or no upkeep.

Our construction methods give you *Permanency—Insulation and Fire-safeness*. Depreciation is negligible—rather appreciation much the same as that which now endures with the homes of old Colonial days, is the result, and you save on fuel bills and insurance.

Beware of substitutes. A certified Mansionette can be built only by a licensed builder.

## COMPARE HARVARD EQUIPMENT » » « « WITH THAT OF ANY OTHER MAKE

TODAY, as in previous years, Harvard offers a complete line of dental office furniture—the New Peerless Harvard Chair, embodying many new and improved features of which quite a few are distinctively Harvard; a variety of Harvard Cabinets, made famous by Harvard Craftsmanship; the Harvard Units, Model A and Model B, the units which, when introduced, become popular over night; the Harvard Electric Engine, for years recognized for its trustworthiness; the Harvard Wall and Auxiliary Cabinets, seen in so many dental offices; the Harvard Laboratory Bench, typical of Harvard's fine cabinet workmanship; the Harvard Lathe, well known for its dependable qualities.

Every piece of the Harvard Line easily meets the three important requirements of the Profession—

high efficiency, modern and attractive appearance and long life of dependable service.

Yet Harvard is ever striving to find new improvements which can be incorporated in Harvard Equipment to afford the dentist greater efficiency and ease of operation, more impressive appearance and even longer service at the lowest price for fine quality.

And Harvard Equipment is always designed and constructed to stand the acid test of comparison with *any* make of equipment—regardless of price.

Inspect and examine the Harvard Line at the depot of your nearest Harvard Dealer—and compare it, point for point, with that of any other make. Harvard Equipment is also sold on a very liberal time payment plan, if you desire it.

**The RICHWOOD—No. 780**

*Harvard's newest creation in dental cabinets—modern and dignified in design, solid mahogany generously inlaid, beautifully finished and completely fitted. See this striking example of Harvard's progressiveness at your nearest Harvard Dealer's Depot, or write us for descriptive literature.*

# PREPAREDNESS

If you would rise above the mediocre, be satisfied with nothing but the best; give the best and demand the best.

Surround yourself with the best of equipment, because, consciously or unconsciously, we all react to the stimuli of our environment.

In addition to making your work easier and more efficient, good equipment elevates your profes-

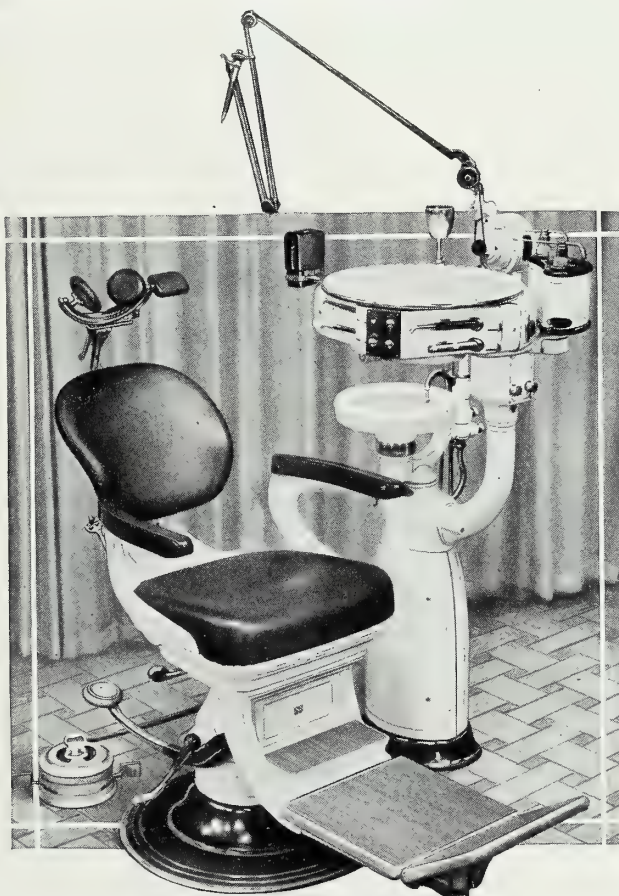

sional status in the minds of your patients.

The S. S. White Equipment Unit No. 6 and the Diamond Chair No. 2 represent the most modern of equipment for the dental office. Together they will provide the modern appliances for efficient service and comfort to your patients and ever be a source of inspiration to do your best.

*Write to your dealer or direct for literature, office planning service and deferred payment contracts*

# ILLINI ACHIEVEMENT

THE passing years in Illini history have seen many great achievements of loyal men and women. Taking its place among them is the Illio of the class of 1931. It stands as a fitting tribute to the ingenuity and industry of those who built it. Staff members will experience a great deal of satisfaction and pride in the successful culmination of their work. The Manz Corporation shares in this pride, as it has been privileged to make the engravings for the Illio—and to print it.

For sixty-three years Manz has developed—until today it is the largest complete printing establishment of its kind in the country. Here everything required for the complete printed job—from Idea to Finished Product—is produced under one roof.

For years we have co-operated with student staffs and faculty advisors in the preparation of year books. They have found it profits them to take advantage of Manz creative service in the initial stages of their work.

# Mexico

Let's open our eyes  
to our opportunities  
next door

**M**EXICO is one of the greatest storehouses of undeveloped natural resources on the face of the earth. In addition to that it is a land of charm for the tourist. The people not only are as hospitable and courteous as any—their hospitality and courtesy is developed against a background of 400 years of Caucasian civilization and culture.

Basic soundness of Mexican institutions has been demonstrated in the remarkable way our Sister Republic has survived turmoil and trouble since 1910. There is no visible evidence today in any quarter of the years of strife. On the other hand, wherever one goes, there will be found happy, prosperous, contented, aggressive, patriotic, home-loving and God-fearing men and women who welcome the stranger within their gates.

Mexicans realize they need and must have outside assistance in their development. They are prepared to welcome and reward such assistance in every legitimate way, and the citizens of our country visiting Mexico will be repaid in many ways.

Few realize how easily and comfortably, quickly and economically a visit to Mexico can be accomplished. Excellent train service, that compares favorably with that throughout the United States, enables anyone now to visit Mexico City, for instance, on through trains from St. Louis in less time than it takes to go from St. Louis to Los Angeles.

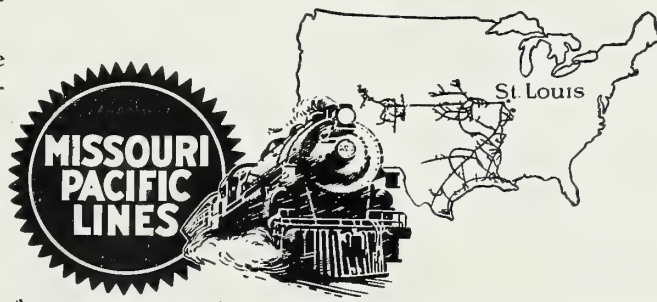

Mexican railroads are marvels of engineering efficiency and their equipment and service compare favorably with any in the United States.

Recognizing all these things, the Missouri Pacific Lines, in addition to endeavoring to help develop the territory directly served by these properties, also acknowledges a responsibility to assist in every possible way in the proper development of our great Sister Republic of the South.

Any Missouri Pacific Man will gladly provide anyone interested with any and as much additional information as may be desired.

I solicit your co-operation and assistance.

## ARTISTIC RE-USABLE COVERS —for Magazines and Telephone Directories

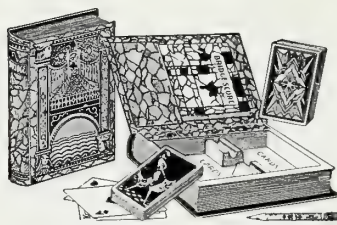

Spinner Master Craftsman Magazine Covers. They combine artistry and utility by lengthening the life of their contents. Suitable for library and living room in home—for reception rooms of offices and professional men. Five striking color combinations—dominating tones: Red, Green, Blue, Brown and Black, relieved by harmonizing and beautifying decorative effects. These covers are very strong and will stand long usage—easily cleaned. Magazines can be quickly inserted and removed—operation is very simple.

SPINNER Master Craftsman Covers and Book Products possess exceptional merit because of their ornamental value for living rooms, library and offices, yet are so thoroughly practical and useful. A gift package of any of the articles described will be appreciated by all who love beautiful bindings. Special prices may be had by arranging to buy a quantity of these items at one time.

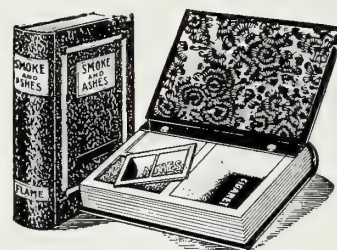

### HUMOR DOOR

With removable humidifier and ash tray. This is an apparently De Luxe edition book, yet when the cover is raised you find a practical humidifier with a compartment to hold at least 10 or 12 good size cigars and a smaller compartment with a removable ash tray. The removable humidifier keeps cigars always fresh.

### BRIDGE SET DE LUXE

This resembles a handsome book and contains two decks of fine quality gold-edge playing cards, with specially designed score book and trump-indicating bridge pencil. The cover is made of specially grained Leatherode, available in five colors, and the entire set is made of the finest materials in the expert Spinner manner.

### SMOKE AND ASHES

With removable ash tray has an unusual appeal, having every appearance of a handsomely bound book. When the cover is raised you will find a practical cigarette container, match and ash tray. The book-shaped cover is beautifully grained and decorated with border and title in two-tone effect.
